

# The Cog Railway

**Wednesday June 3<sup>rd</sup>, 2026**

Celebrate 603 Day with an unforgettable adventure to the Cog Railway in New Hampshire! Our trip begins at the base of majestic Mt. Washington, where we'll enjoy an included lunch before boarding the world's very first mountain-climbing railway. Sit back and take in the breathtaking ride as the Cog carries us to the summit of the Northeast's highest peak at 6,288 feet. At the top, you'll have an hour to explore and take in the sweeping views from above the clouds. Don't forget to bring a jacket—average temperatures at the summit range between 35° and 45°, even in June! This is a true New Hampshire experience you won't want to miss.

**Lunch Choice:**  
Turkey & cheese sandwich  
Ham & cheese sandwich  
Vegetarian soup

**\$183**

**Departs: Raymond 9:00AM & N. Londonderry 9:30AM**
