IMPORTANT INFORMATION

Here's what you need to know to enter an item at the fair (County Rules & Regulations)

WHO CAN ENTER AN EXHIBIT AT THE FAIR?

All exhibitors must be residents of Lincoln County or actively involved in a Lincoln County educational organization.

Administrative fees will be charged after 40 entries.

NOTE: if you enter 40 or more items, you must pay a \$10 entry fee, and there will be no refunds! (if you enter 40 but bring less entries, the \$10 fee still applies)

***** The fee must be paid before entry tags will be given to exhibitors. *****

HOW DO I ENTER AN EXHIBIT?

- a. **Read the general rules:** By submitting an entry, any person entering exhibits agrees to abide by the rules and regulations relative to entries, entry fees, exhibits, judging, payment of premiums, and general conduct of the Lincoln County Fair. Exhibits must be entered by individuals--not a group or business name--except where the exhibit is a group project, such as a school exhibit or club booth.
- b. All exhibits must have been raised, grown, or made by the exhibitor, unless otherwise specified. The Lincoln County Fair Association recommends members own the animals and projects they exhibit at the fair. Adults are encouraged to provide guidance and support in teaching youth as they prepare their exhibits for the fair. **However, they should not actually prepare the exhibit for the youth. Remember, these are youth exhibits, and we want to keep them as learning experiences for the youth.**
- c. It is recommended that brand names of products not show on posters or other exhibits except where omitting them would detract from the final effect.
- d. The Lincoln County Fair Association **will not** be responsible for personal injury or accident sustained by an exhibitor or volunteer worker. The Association **will not** be responsible to pay for damages or loss to any exhibit but will exercise every possible precaution in safeguarding exhibits. Exhibitors will be held responsible for any damage or accident which may be caused by their entries.

Please also read the Junior and Open Exhibitors Code of Conduct and Exhibition Agreement printed on page 9. There are also some specific rules for animal exhibitors in the Animal Exhibitor Guide beginning on page 16 and there may be specific rules for departments that are included in the department listing.

Determine which division(s)/department(s) you can enter. The handbook is divided into two major divisions--**Junior** and **Open**. Each division is divided into specific departments. Departments are broken down into classes, and within the classes are lot numbers, which are the individual items that can be exhibited

Junior Division - All exhibitors in this division must be members of Lincoln County 4-H, FFA, or other recognized youth organizations under adult leadership and with an approved educational program.

Exhibitors in other youth organizations may exhibit only in those areas that are covered by education gained in the organization. Contact the fair administrator to make sure the organization is approved.

Open Division - All exhibitors in this division must be residents of Lincoln County or actively involved in a Lincoln County educational organization.

Junior Division exhibitors may not exhibit in Open Division, except for Antiques (because there is no department for Antiques in Junior). **Juniors cannot exhibit in both open & Junior.**

1. Online entry is available on the fair web site www.lincolncofair.com. This is the best and easiest way to enter. Hover over the exhibitor tab to get to entries. Follow the instructions. If you have completed your online fair entry properly, you will receive **two** emails-one indicating that you have an account followed by a second one that lists all of the entries you have made. Please be sure to double check this second email and keep for your records. **If you do not receive this second email, you have not completed the entry process properly and need to go back into your account to complete the entry process. In most cases, you have not completed the final step where you agree to abide by the fair rules and hit submit.**
2. This handbook is also available on the fair website. See www.lincolncofair.com for the handbook and entry information. Please be sure to make a copy of your entry form before handing it in. You will not receive a copy with your entry tags.

Access the online entry. Find the appropriate division in this handbook. **Junior Division** begins on page 17 **Open Division** begins on page 71. All exhibits must be entered in the correct department, class, and lot number or they may be disqualified by department Superintendents and/or judges. **Only one item can be exhibited per lot number unless specified.** This means that even though you may have painted two watercolor pictures, or baked two chocolate cakes, you can enter only one of each. If you have questions about a specific department, contact the Superintendent listed at the beginning of the department or Cindi Christiansen at 715-218-7649.

ENTRY DEADLINE: JULY 15, 2025. Online entries will be available until midnight July 15, completed entry forms must be postmarked by that date--**no late entries will be accepted.** Entry forms will not be faxed to people, nor will they be accepted if faxed. **Any applicable fees and Paper entry forms must be mailed to: Lincoln County Fair, P.O. Box 921, Merrill, WI 54452; and postmarked no later than July 15, 2024**

WHAT HAPPENS AFTER I ENTER?

The entries are organized and processed. This information, along with other fair information, is organized into a packet for each family. The packets are available during the week prior to the fair to be picked up at the fair office.

When you get your exhibit information, check to make sure it is accurate for each of your entries. **Do not lose your entry tags. They will not be re-printed.**

WHEN SHOULD I BRING MY ENTRIES TO THE FAIR?

Exhibits that have been registered by the entry deadline date will be checked in at the respective departments on Wednesday as follows:

MASS LIVESTOCK: 8 a.m. - 12 noon

Livestock Barn Animals: 8 a.m. - 3 p.m. Dairy 8 am- 12 noon

Poultry: Junior 12-3 pm; Open 3-5 pm.

Rabbits: 3-5 pm

All Other Exhibits (including goats and exotics): 12 noon - 7 p.m.

Some exhibits in Junior Division are judged face-to-face at specific time periods. Exhibit buildings normally open at 10 a.m. unless there is judging that day. If there is judging, the building will open at 8:30 a.m. All Junior and Open Division exhibition buildings will close at 10 p.m. each night of the fair.

HOW LONG DO I LEAVE MY EXHIBITS AT THE FAIR?

Exhibit Release Times:

- **Livestock barn animals** (not poultry and rabbits) may be released **any time after 5:30 p.m. on Sunday** under the supervision of the Livestock Barn Superintendent. **Note:**

Parking of vehicles and trailers by the Livestock Barn will not be permitted until 5:30 p.m. except by written permission of the Fair Board.

- All other Junior and Open Division exhibits will be released between **6:00 – 7:00 p.m.**

Exhibitors who remove their exhibits before the release time will forfeit all premiums. Non-animal exhibits not claimed by 8 p.m. will be brought to the Fair Office. Perishable items such as food, cut flowers, vegetables, field crops, etc., will be disposed of and only the entry tags and placing ribbons brought to the Fair Office. If these items are not picked up at the Fair Office Sunday evening, an appointment must be made to pick them up.

Arrangements must be made to pick up exhibits there within one week or they will be disposed of.

HOW ARE EXHIBITS JUDGED?

In order for a fair to receive state aid for premiums (prize money), the fair must follow specific requirements as outlined in Chapter ATCP 160 of the Wisconsin Administrative Code. Judges are hired to place the exhibits depending on the different type of judging used. These judges are selected from a list of individuals who are registered with the state Department of Agriculture, Trade & Consumer Protection. No exhibit may be given a higher premium or rating than it deserves in comparison to the standard for its class. Articles not deserving of a placing shall not receive one. The judge's decision is final. There are four different types of judging:

Danish Judging - In most departments of the Junior Division, the Danish system of judging is used. All the entries in one lot number are arranged together so the judge can compare the items to a "standard" and to the other entries. The judge then has to decide what placing (ribbon) to give each exhibit. The judge must give the placings according to the Danish judging system. The numbers in parentheses show the number eligible for a placing if the maximum number is given in each placing. For example, if there are 10 entries in a lot number, the judge can give only 2 blue ribbons (1st place), 3 red ribbons (2nd place), 2 white ribbons (3rd place), and 3 pink ribbons (4th place). The judge does not have to give the maximum number in each placing depending on the quality of the exhibits. In the example of 10 entries, if the judge does not feel there are any that are worthy of a blue ribbon (1st place), the judge may choose to give up to 5 red ribbons (2nd place) instead.

Face-to-Face Judging - This is another type of judging found in some areas of Junior Division. This system was designed to make the fair and judging experience more educational for the exhibitors. For face-to-face judging, exhibitors must be present at the time of judging and talk to the judge about their entries. The judge gives the exhibitor ideas about how the exhibit could be improved. The judge does not have to follow the placing numbers of the Danish judging system.

Conference Judging - This is another type of judging done in Junior Division. Basically, it means several exhibitors gather at one time with their project items. The judge briefly discusses each exhibit with the exhibitors and uses the information in making the placings. This is often done by requiring all exhibitors in one class to discuss their projects with the judge at the same time. The Danish guide is still used for placings. This is the type of judging used mostly for the large animal departments.

Regular Judging - This is the type of judging used in Open Division, and in some areas in Junior Division. In this case, the judge can select **only** one first-, one second-, one third-, and one fourth-place exhibit among the items in that lot number, depending on whether the judge feels the exhibits are worthy.

WHAT ARE PREMIUMS AND HOW DO I COLLECT ANY I HAVE EARNED ON AN EXHIBIT?

Unless otherwise specified, items that receive ribbons are eligible for cash awards called premiums, which are also specified in the state guidelines. At and after the fair, judging sheets with the exhibitor numbers are compiled. The placings for each exhibitor are totaled and checks are printed. **Any questions or discrepancies regarding checks must be handled by November 15, and checks must be cashed by December 31st or they will be voided.** Lost checks will not be replaced.

Checks can be picked up at the fair office. Dates and times will be determined after the conclusion of the fair.

Junior & Open Exhibitors

CODE OF CONDUCT & EXHIBITION AGREEMENT

NOTE: By submitting an entry, all exhibitors and/or their parents/guardian/family members, are agreeing to abide by this code.

All Lincoln County Fair Junior and Open Division exhibitors and their parents/guardian/family agree to:

1. Follow the general rules and regulations governing entries, exhibits, judging, and payment of premiums as stated in the Fair Exhibitor's Handbook.
2. Follow any rules relating specifically to a department in which they are exhibiting.
3. Exhibit proper conduct according to the following guidelines:
 - a. Show respect for the rights of others and be courteous at all times
 - b. Respect the property of others
 - c. Demonstrate sportsmanship in the show ring, judging contests, and meetings
 - d. Be honest and not take unfair advantage of others
 - e. Refrain from loud, boisterous talk; foul language; and horseplay in and around exhibit areas and other exhibitors/staff
 - f. Not consume any alcoholic beverages or take any other drugs (prescription drugs accepted) if underage
 - g. Smoking or use of other tobacco products is prohibited if underage

Any exhibitor violating the above rules (as determined by the Lincoln County Fair Board, department Superintendent, or Judges) will be subject to any one or all of the following consequences listed below. ***Family members who violate the above rules should realize that their actions may also bring about some or all of the following consequences to the Exhibitor:***

1. Notification of parents or guardian (if applicable).
2. Removal of individual and any or all of his/her exhibits from the present year's fair. Any premiums earned will be revoked.
3. Judges may disqualify an exhibit or give it a lower placing if the rules are not followed.
4. The individual may be required to appear before a meeting of the Lincoln County Fair Board and/or other committees responsible for the project area in question to explain his or her actions.
5. Revocation of privilege to enter exhibits in future Lincoln County Fairs.

Grievance Procedure

The purpose of this procedure is to provide an orderly method for resolving problems that may arise concerning the exhibition of an item or animal or the conduct of an exhibitor at the Lincoln County Fair. This procedure does not apply to judges' decisions--the judges are selected and hired by the fair to make decisions and their decisions are final.

1. Anyone who feels they have a basis for a grievance must submit this grievance in writing. A grievance form is available by contacting the Fair Board administrator. The grievance must be submitted to the Fair Office (during the fair dates) or can be mailed to the Fair Office, P.O. Box 921, Merrill, WI 54452 during non-fair dates as soon as possible or by August 31 of the fair year.
2. As soon as reasonably possible after the filing of a grievance, the Fair Board will provide the party against whom the grievance has been filed with a copy of the grievance and an opportunity to respond in writing to the grievance.
3. A grievance committee consisting of The Fair Administrator, two Fair Board directors appointed by the Fair Board president, the department superintendent, and the department committee members will meet to review the protest and any written response as soon as reasonably possible. At this meeting, the party filing the grievance and the party against whom the grievance has been filed will be allowed 15 minutes each to orally present their views. Each party may have up to three witnesses speak during their 15-minute initial presentation. Only the parties involved in the grievance and their witnesses are allowed at the grievance committee meeting. Other family members or friends are not allowed. If multiple grievances have been filed concerning the same or substantially the same issues, the committee may limit oral presentations to avoid duplication and delays. Following the initial presentations, each party will be allowed a 5-minute rebuttal period.
4. After each party has the opportunity for a rebuttal period, members of the grievance committee will have an opportunity to ask questions. They will then meet in closed session to make their decision, and the decision will be announced in an open session.
5. This procedure will be the exclusive procedure for the determination of grievances. Decisions of the grievance committee are final and there shall be no right to review or appeal such decisions.

THE FAIR BOARD WELCOMES CONSTRUCTIVE COMMENTS AND SUGGESTIONS TO IMPROVE THE FAIR; HOWEVER, PROBLEMS CONCERNING THE EXHIBITION OF AN ITEM OR ANIMAL OR THE CONDUCT OF AN EXHIBITOR MUST BE DEALT WITH THROUGH THE GRIEVANCE PROCESS AS STATED ABOVE. ANONYMOUS LETTERS CONCERNING PROBLEMS SUCH AS THIS WILL NOT BE ADDRESSED.

Animal Health Regulations

Fairs and Shows in Wisconsin: 2025 Season

Wisconsin County & District Fairs General Requirements & Definitions

ATCP 160.01 DEFINITIONS

As used in this chapter:

- (1) "Class" means a grouping in which exhibits may be entered, including an animal breed or age group for animal exhibits; a type of produce, crop or food; or a specific age, age group or educational grade level of exhibitor.
- (2) "Department" as it relates to the organizational structure of a fair, means an animal species, production group, or other principal classification of exhibits. As used in any other context, "department" means the state of Wisconsin department of agriculture, trade and consumer protection.
- (3) "Division" means one of 3 exhibitor group classifications for a fair and is limited to junior division, open division and senior citizens division.
- (4) "Lot" or "lot number" means the numerical designation assigned by a local fair for a specific category of exhibits within a class.
- (5) "Premium" means a monetary prize that a county or district fair awards to an exhibitor after judging all competing exhibits in the class to which the premium pertains.

ATCP 160.02 PREMIUM REQUIREMENTS

(1) General

- (a) The state aid authorized by s. 93.23 (1), Stats., may be paid only on net premiums, which consist of total premiums paid less total entry fees received. The department may withhold state premium aid from any fair which does not enforce the animal health provisions required under ch. ATCP 10 for all classes of livestock exhibited at the fair. State aid will be paid only on premiums actually paid by bank check or draft.
- (b) No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violation shall be submitted to the department to justify action taken by a local fair.
- (c) Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition of the organization or for any other reason.
- (d) State aid may be paid on no more than 2 premiums awarded an exhibitor under one premium or lot number in open division individual livestock classes, except poultry and rabbits, and no more than one premium in all other classes, including poultry and rabbits.
- (e) No county or district fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the same exhibit in the junior division at the same county or district fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.
- (f) No state aid will be paid on the cost of ribbons, cups, trophy prizes or entertainment contests.

(2) Premium Lists

- (a) Premiums for which state aid is requested by county and district fairs shall conform with the uniform premium list and other requirements set forth in these rules. Fairs requesting state aid for net premiums shall submit to the department a printed copy of the premium list used at the fair, as required under s. ATCP 160.92 (3) (c).
- (b) The officers of each fair shall mail a copy of the premium list to other associations, societies, or boards conducting a fair in Wisconsin upon request.

(c) Sections ATCP 160.01 through 160.07 and 160.91 shall be published in premium books used by a fair for which state aid is requested.

(3) Entry Fees

- (a) A county or district fair may charge an exhibitor an entry fee. The entry fee may not exceed 10% of the sum of all premiums offered to exhibitors in the same class for which the entry fee is charged. In lieu of an entry fee, a county or district fair may charge stall rents for horses, cattle, sheep, goats, swine, poultry, rabbits or pets. Stall rents shall not exceed \$1.50 per single stall or animal or \$3.00 per box stall for horses; \$1.00 per single stall or animal or \$2.00 per box stall for cattle; or \$0.50 per animal or \$2.00 per pen for swine, goats or sheep. A standard pen for swine, goats or sheep is approximately 64 square feet. Cage rents may not exceed \$0.50 per head for poultry, rabbit or pet exhibits.
- (b) Exhibitors in educational and school departments shall not be required to purchase an exhibitor's ticket. Any other exhibitor may be required, if no entry fee is charged, to purchase an exhibitor's season ticket at a price not to exceed that charged for a non-exhibitor's season ticket.

(4) Split Fair Dates

- (a) For purposes of this subsection, "split fair dates" occur when a fair organization judges exhibits or contests and pays premiums at more than one time or at more than one location during the calendar year.
- (b) Except as provided under par. (c), the department may not pay state aid for a fair having split dates unless the department gives advance written approval for a split fair. The department may approve split fair dates only if the fair organization justifies the split dates based on extreme hardship. If the department approves split dates, all blue ribbon winners shall repeat their demonstrations or exhibits at the regular fair dates unless the department grants a hardship exemption. An exhibitor may use audio-visual media, still photography or an educational display to repeat a demonstration or exhibit.
 - 1. The department may pay state aid for the following exhibits or contests in a fair having split dates, regardless of whether the department approves those split dates in advance: Clothing revue
 - 2. Demonstrations
 - 3. Favorite foods revue
 - 4. Dogs
 - 5. Small animals
 - 6. Rocketry
 - 7. Shooting sports

ATCP 160.03 EXHIBITION REQUIREMENTS

A county or district fair shall meet all of the exhibition requirements of this section to be eligible for state premium aid.

- (1) No fair society or other organization sponsoring a county or district fair shall require an exhibitor to become a member of the organization in order to enter an exhibit at the fair, nor shall the sponsoring organization make any deduction from an exhibitor's premium as a donation to the fair society, or require an exhibitor in any other way to make a donation to the society.
- (2) State aid may not be approved for out-of-state exhibits or for separate classes of local and non-local exhibitors. Aid may not be approved for payment of premiums to an exhibitor having an out-of-state address but claiming Wisconsin residency unless the fair secretary provides the department with an affidavit that the exhibitor's residence is geographically located within the state.
- (3) State aid may be paid only on articles or animals actually on display in an exhibit building or actually shown in the show ring on regular fair dates unless approval for split fair dates is obtained under s. ATCP 160.02 (4). State aid may not be paid on Dairy Herd Improvement Association records, transportation aid, production contests or other special educational exhibits unless prior approval is obtained under s. ATCP 160.04 (8).
- (4) State aid may not be paid on exhibits removed from the fair grounds before 4 p.m. of the last day of the fair, or such other later time as may be specified by the fair, without prior approval of the department. Authority for earlier removal may be granted by the department in case of meat animal sales or other special classes, if requested before the beginning of the fair. In other hardship cases, approval may be granted by the local fair. Exhibits in dog obedience and small animal pet classes may be judged during the regular fair but are not required to remain present during the entire fair. The local fair may prescribe the length of time junior fair exhibitors of horses shall keep their animals on the ground

ATCP 160.04 JUNIOR FAIR DIVISION; GENERAL REQUIREMENTS

- (1) Eligibility. In the junior fair division, the department may pay state aid on prizes offered to exhibitors who are under 20 years of age on January 1 of the current fair year. A county or district fair board may establish subgroups within a fair entry class based on the exhibitor's grade level in school. The department may not pay state aid on prizes for club parades, club floats, song contests, or a project which is not an exhibit or demonstration at the fair.
- (2) All exhibitors in the junior fair division shall be members of 4-H, FFA, FHA-HERO, Scouting programs, breed groups, or any other recognized youth organization under adult leadership and with an education program approved by the local fair.
- (3) Exhibits in the junior fair shall be a result of the exhibitor's own labor and may include a study, merit, or other special project, a skill area or a supervised occupational experience in which the exhibitor is regularly enrolled.

- (4) State aid may be used for the payment of no more than one premium awarded an exhibitor under any one premium or lot number in the junior fair division, except when awarded as part of a group in livestock exhibits or in showmanship.
- (5) Premiums in the educational department shall be paid directly to the exhibitor who made the exhibit and not to the school or teacher, except for group premiums offered to inter-school competitive classes. No aid may be paid on education department premiums unless a complete list of exhibitors and a complete set of judges' sheets for the education department, similar to those required in other departments, is filed with the department. All educational exhibits shall be displayed at the fair regardless of whether they are judged prior to or at the fair.
- (6) If 16 or more animals, items or articles are entered in any junior fair class, the class may be divided into 2 or more approximately equal groups according to weight, age or other identifying characteristic and each group judged as a class.
- (7) Special educational exhibits may be established if the proposal is presented to the Wisconsin Association of Fairs before October 1 of the year preceding its proposed establishment and the exhibit is approved by the department.
- (8) Within any junior fair department under subch. IV, a county or district fair may establish special classes where none are specified under subch. IV. Special classes may include classes for grade and crossbred females in the beef, swine, sheep and horse departments. Premiums for special classes created under this subsection shall be equal to premiums for comparable classes established in the same department under subch. IV.

ATCP 160.05 OPEN DIVISION; GENERAL REQUIREMENTS

- (1) The total maximum premiums set forth for all places in any open division livestock class, excluding poultry and rabbits, may be divided into premiums for a greater number of places, but the maximum premium offered for any additional place shall not be higher than the maximum for last place in the class.
- (2) State aid for premiums awarded for horses in open division classes shall be limited to horses which are owned by the exhibitor.
- (3) All animals in any open division class shall be owned by the exhibitor, except as provided in s. ATCP 160.09.

ATCP 160.06 SENIOR CITIZENS DIVISION; GENERAL REQUIREMENTS

- (1) The age of exhibitors in the senior citizens division is limited to persons 62 years of age or over.
- (2) Exhibitors in the senior citizens division may not enter identical items or articles in both the senior citizens division and in the corresponding classes of the regular open division.

ATCP 160.07 CLASSES; GENERAL REQUIREMENTS

Classes may be combined if the number of entries in several single classes is insufficient. If any classes are combined, state aid shall be limited to the maximum total premiums listed for a single class of animals, items or articles in that department.

(a) Except as provided under par. (b), no county or district fair may receive state aid for premiums awarded for sexually intact male dairy cattle, beef cattle, sheep, goats, swine or horses unless those animals are registered purebreds. Registered purebred status shall be documented by a certificate of registry from the appropriate breed association or society, or by a copy of the application for registration.

Boars may not be entered as an exhibit in the swine department unless their tusks have been removed.

ATCP 160.91 JUDGING REGULATIONS

Judging shall be done in accordance with the requirements of ATCP 160.92 (3) (a). In no case shall any person who is an officer or director of a fair be eligible to judge exhibits at such fair; nor shall any person interested directly or indirectly in exhibits shown in any department of a fair be eligible to judge articles or animals in that department.

- (1) Each judge at a county or district fair shall be provided with a copy of the fair's premium book or list of entry classes at least 7 days prior to the opening date of the fair.
- (2) No animal or article, irrespective of the number of entries in the class in which it is entered, shall be awarded a higher rating than its merit would entitle it to in comparison to the standard of perfection in the class.
- (3)
 - (a) No state aid will be paid on premiums awarded under the Danish system in any classes except in the junior and educational departments.
 - (b) When classes in the junior and educational departments are judged according to the Danish system, 4 group placings shall be awarded in any class. When there are less than 8 exhibitors in the class, there shall not be more than 2 in the first group, not more than 4 in the first 2 groups and not more than 6 in the first 3 groups.  - (c) The number of awards in the last group placing may be increased to the extent necessary to give awards to all exhibitors.

IAFE (International Association of Fairs & Expositions) National Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial, and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards, and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of drugs. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer, and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and provincial statutes, regulations, and rules affect the animal's performance or appearance at the event.

If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair, or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation, and respect, and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have any disciplinary action taken by the fair or livestock show against such individuals published in any publication of the International Association of Fairs and Expositions, including *Fairs and Expositions* and any special notices to members.
11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

Animal Exhibitor Regulations

The following are general rules and regulations, plus some helpful hints for exhibitors of animals at the Lincoln County fair.

All animals (excluding, dogs, cats, rabbits and small animals) that are shown at the Lincoln County Fair need to have a Premise ID. For more information on the types of animals that require a permit or to register or renew your permit (every three years), to www.wiid.org or phone WLIC at 888-808-1910.

- 1 Health Regulations: All animal exhibitors must follow the Wisconsin County and district Fairs 2025 Animal Health rules and Regulations which follow this section and any additional health rules the department or Fair Board deems necessary. Exhibitors must bring along any required health records on entry day.
- 2 Livestock Barn exhibitors (or anyone) are not allowed in the barn between midnight and 5 a.m.
- 3 Code of Ethics: All animal exhibitors will abide by the IAFE (International Association of Fairs and Expositions) National Code of Show Ring Ethics which follow later in this section. Submission of an entry form for the fair is your indication that you, and your parent/guardian if applicable, consent to and agree to abide by this Code of Ethics.
- 4 Care of Animals: All exhibitors are responsible for caring for their animals and keeping their animals and the area surrounding them clean and neat. See the specific animal areas for additional information on the care and feeding of animals and Lokemoen Building exhibitor requirements. There may be designated areas for exercising animals. Signs will be posted indicating these areas and at what times they may be used.
- 5 Cleanup: Livestock Barn exhibitors must keep the area around the barn clean. Waste material should not be thrown on the ground. The spreaders will be emptied twice each day. If a spreader is full, please use one of the other spreaders. Inform a department chair or committee member if a spreader is full, so someone can be contacted to empty the spreader. Wash areas also need to be kept clean.
- 6 No food is allowed in the barn!
- 7 Any infraction of the rules and the IAFE National Code of Show Ring Ethics will be handled by the respective department committees and the Lincoln County Fair Board. Grievances may be brought to these committees by filling out the Grievance Form available in the fair Office.
- 8 Question: showing animals can be a very complex project. Attend any project meetings offered. Ask other exhibitors or contact the department committee members if you do not know or understand something.
- 9 Animals must be kept contained/tied/fenced unless moving to show, wash rack, or to milk. There will be no taking animals into the show ring, except for the actual show of that species, during public hours unless specific times are posted.
