## Be Election Ready in 2026!

Dear voters:

As we begin this new year, we do so at a truly meaningful moment in our nation's story, 2026 is both a General Election year and the 250th anniversary of the United States of America, this is a milestone that reminds us how powerful, and how personal, the right to vote truly is. Serving you as your Supervisor of Elections is a responsibility I take to heart.

As we head toward upcoming elections in Seminole County, now is the time to be election ready. That means:

- Check your voter registration and make sure your name, address, and signature are current
- Requesting a vote-by-mail ballot if that's how you prefer to vote
- Knowing important deadlines for registration, VBM requests, early voting and Election Day

You can find official dates, deadlines and up-to-date elections information on our website, as well as seeing which offices and seats may appear on your ballot.

Our team is committed to this simple goal: accurate information, secure elections, and voters who are prepared and confident when it is time to vote.
