Seminole County Supervisor of Elections

Are You Election Ready?

For the first time since 1978, Seminole County will hold no elections in 2025. Please make sure you are election ready for the 2026 General Election by checking your Voter Registration. Sign up for Vote-By-Mail, if this is your preferred voting method.

Official Election Mail

Did you receive a questionable mailer from a third party group or political campaign?

By clicking below, you will be sent to our website where you can find images of official election mail that has been sent from our office. Be sure to look for the Official Election Mail logo located on our mail pieces.

Did Your Driver's License Change?

Under updated Florida laws, renewing or replacing your driver's license now gives you a new license number. To stay election ready, please make sure your new driver's license number matches your voter record. Updating this information is quick, easy, and important to ensure your voter record is correct. Updating your record now helps you avoid surprises later and keeps you ready to cast your ballot without any issues. Stay prepared and make sure you are election ready!

[Inaugural Voter Advocacy Group](#)

Our office is proud to announce the launch of the inaugural Voter Advocacy Workgroup, an initiative dedicated to identifying and addressing barriers to voting within our community.

This diverse group brings together leaders from across the political spectrum, as well as representatives from civic, leadership, and advocacy organizations. Together, we are working to strengthen access, understanding, and trust in the electoral process for every Seminole County voter.

"It's better when we all come together!"

Beyond the Ballot

Outreach Events

Since our last update, our team has been busy connecting with the community through a wide variety of outreach events:

School Elections and Voter Registration

Our outreach team was invited to help students run their school government elections at Stenstrom Elementary's MicrOviedo Society. In addition to public schools, our team partnered with a homeschool group for the first time ever, bringing the voting experience directly to their students at The Regent Academy.

Grand Living Park at Lake Mary

We assisted residents with voter registration, updating records, and signing up for Vote-By-Mail.

Community Speaking Engagements

Amy was invited to share insights with two groups: the Meridian Club and SGA students at Markham Woods Middle School.

Sunset at the Zoo

Our outreach team joined this signature event celebrating Hispanic Heritage Month, bringing voter education and outreach to an even wider audience.

¡Viva Oviedo! Festival

To wrap up our month, we were proud to be a part of the inaugural ¡Viva Oviedo! event, a vibrant new celebration of Hispanic Heritage Month that brought the community together for its very first year.

Plan Your Next Event with Us!

Myth: You must have your Voter Information Card to vote.

Fact: The voter information card is optional. It helps you find your polling location and districts, but you don't need it at the polls.

Veteran Initiative

As part of our Voter Advocacy Workgroup, we are proud to launch the Veteran Voter Initiative, focused on improving outreach and engagement among Seminole County's veterans. This effort aims to increase awareness

of voting options, including Vote-By-Mail, early voting, and accessible polling locations, ensuring that those who served our nation can easily and confidently participate in every election.
