A Message From Your Supervisor of Elections:

As we move further into the year, our office continues to monitor legislation in Tallahassee that could impact Florida voters and the election process. We are carefully tracking these discussions and will provide clear updates if any changes affect voter registration, voting options, or election procedures. Our goal is to ensure Seminole County voters always understand what to expect and how to stay election-ready.

We also want to remind voters that misinformation surrounding elections is real and can spread quickly. Your Seminole County Supervisor of Elections Office will always be your trusted source for accurate, verified election information.

If you have recently renewed or updated your driver license, please take a moment to review and update your voter record on our website. And don't forget to renew your Vote-by-Mail request to ensure you receive your ballot for the 2026 elections. Staying informed and keeping your information current helps ensure a smooth voting experience for every voter.
