Get to know your school-based therapist

## Jodi Fellers, MA, LPC

---

Meet Child and Adolescent Behavioral Health's Jodi Fellers who is the school-based therapist at Lexington, Marlboro and Washington elementary schools.

Jodi, who graduated from Marlinton High School, went on to earn her bachelor's degree in psychology from Mount Union College and her master's degree in counseling and human development from Walsh University.

Jodi said the best part of her job is helping children to better understand themselves, their insight and their strengths in order to accomplish their goals.

**Hobbies:** walking, spending time with family and friends and volleyball

**Favorite book:** John Grisham books

**Favorite movies:** *The Wizard of Oz*, *The Breakfast Club* and *Practical Magic*

---

Child and Adolescent Behavioral Health's (C&A's) school-based consultation services include behavioral health screening and referral, crisis intervention, student social/emotional skill development and behavioral health and wellness education, community linkage and referrals, parent/guardian engagement/education, CARE team meetings and collaboration with school staff. When indicated, students may receive formal diagnostic and treatment services, provided at the school, by the school-based therapist.

- Students are referred to counseling by school staff and CARE teams to screen for mental health or substance issues
- Parents are asked to be engaged in the process
- C&A will assist with linking families to community resources as needed.
- C&A's clinical staff collaborates closely with school staff to enhance a supportive social/emotional school environment
