

Get to know your school-based therapist

Rochelle King, MA

Meet Child and Adolescent Behavioral Health's Rochelle King, who is the school-based therapist at Alliance High School.

Rochelle, who graduated from Minerva High School, went on to earn her bachelor's degree in psychology and her master's degree in clinical mental health counseling from Kent State University.

Rochelle said the best part of her job is, "being able to connect with people and help them through some of their darkest as well as happiest moments."

Hobbies: hiking, biking, reading, writing and boxing.

Favorite book: *The Hunger Games*

Favorite movies: *Silver Linings Playbook*, *The Proposal*

Child and Adolescent Behavioral Health's (C&A's) school-based consultation services include behavioral health screening and referral, crisis intervention, student social/emotional skill development and behavioral health and wellness education, community linkage and referrals, parent/guardian engagement/education, CARE team meetings and collaboration with school staff. When indicated, students may receive formal diagnostic and treatment services, provided at the school, by the school-based therapist.

- Students are referred to counseling by school staff and CARE teams to screen for mental health or substance issues
- Parents are asked to be engaged in the process
- C&A will assist with linking families to community resources as needed.
- C&A's clinical staff collaborates closely with school staff to enhance a supportive social/emotional school environment
