

Get to know your school-based therapist

Aundrea Stedman, LPCC

Meet Child and Adolescent Behavioral Health's Aundrea Stedman, who is the school-based therapist at Lake elementary and primary schools.

Aundrea, who graduated from Lake High School, went on to earn her bachelor's degree majoring in family development and minoring in child development from the University of Akron and her master's degree in clinical mental health counseling from Malone University.

Aundrea said the best part of her job is, "helping children and families recognize that there is always hope and growth on the horizon."

Hobbies: baking, trying new restaurants, traveling with my family, serving my community

Favorite book: Mother Bruce series

Favorite show: *Ant Man and Wasp*

Child and Adolescent Behavioral Health's (C&A's) school-based consultation services include behavioral health screening and referral, crisis intervention, student social/emotional skill development and behavioral health and wellness education, community linkage and referrals, parent/guardian engagement/education, CARE team meetings and collaboration with school staff. When indicated, students may receive formal diagnostic and treatment services, provided at the school, by the school-based therapist.

- Students are referred to counseling by school staff and CARE teams to screen for mental health or substance issues
- Parents are asked to be engaged in the process
- C&A will assist with linking families to community resources as needed.
- C&A's clinical staff collaborates closely with school staff to enhance a supportive social/emotional school environment
