Meet the Zone 1 Nominees

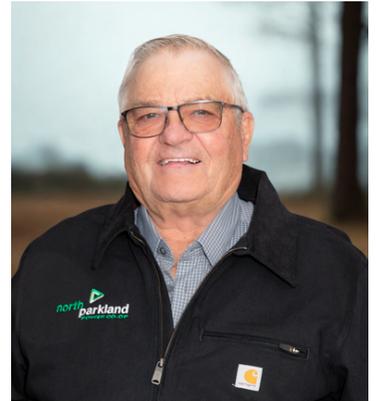

LORNE BOYCHUK

Hello! I am Lorne Boychuk, a Thorhild County resident who is excited about contributing to the continued success of North Parkland Power. Over my career, I have worked in technical and supervisory roles in the Telecommunication and Oil and Gas/Utility industries. My career included being a Lineman/Cable Splicer, a Process Operator, a Utilities Supervisor, and a Measurement Specialist. I grew up in Thorhild County, and we have owned farmland here for over 35 years. As a recent retiree, my family and I have moved back to the County, and I now spend my days cattle ranching and farming. I have a Telecommunication Electrician journeyman certificate from NAIT and am a 4th Class Power Engineer. In my spare time, I have volunteered on committees such as Minor Baseball, Ducks Unlimited, Ukrainian Dancing and Communities in Bloom in order to better our communities. I believe that every job, both on the farm and off, should be done to the best of your ability with safety at the forefront. I hope that my combination of industry knowledge and work/life experiences will bring a fresh perspective to the North Parkland Power Team.

GEORGE BRODNIANSKY

George Brodniansky has lived and farmed in the community his entire life, carrying forward a deep commitment to the people and land of the region. He previously served on the Thorhild County Recreation Board and later became a board member for the ABNT REA. George played an active role in the amalgamation of surrounding REAs that formed North Parkland Power REA and has continued to represent the ABNT area on the Board of Directors. He prides himself on conducting himself with respect for the collective decisions of the Board and strives to be a strong, thoughtful voice for Customer Members across all service areas
