Message from Principal

Dear Parents and Guardians,

What an incredible school year it has been! As we reach the end of the academic year, my heart is bursting with pride and gratitude for our awesome KMBR community. This year has been filled with joyful learning, shared laughter, and so many unforgettable moments. We could not be happier with what we have achieved together in supporting our little ones on their learning journey.

Our little ones have truly lit up our classrooms with their energy, curiosity, and bright smiles each and every day. Whether they tried something new, made new friends, or persevered through challenges to do their very best, they have each contributed to making this year shine in their own special way.
To our wonderful families, thank you for being such incredible partners! Your support, encouragement, and heartfelt contributions have played a big part in making KMBR a warm, vibrant, and welcoming place for all.

As we look back on everything we have accomplished, I hope you, too, feel excitement for all the growth, discoveries, and opportunities that lie ahead. Together, we will continue building a school community where every child feels inspired, supported, and proud to belong.

Warm regards,
Mdm Ninah

Parents' TESTIMONIALS

Parents of Amelya Izzahra (Toddler)

"I am amazed at how the teachers managed to handle my girl, Izzahra, from crying everyday, to running to the teachers and hugging them, even waving at me when she goes to school. Before she started school, it was hard for me to hear her voice. She would either point to something that she wanted, or cry, but not talk much. Since she started schooling, she talks more now at home, and there is more dancing and singing too, even though she did not attend school often because she is always having runny nose – something I am scared may affect the other children in school. Knowing that she has been improving well after going to school makes me feel blessed! Thank you to the teachers in the toddler level for handling my little girl well! ❤️"

Parents of Esyraf (Kindergarten 2)

"Esyraf has grown from knowing nothing to learning a great deal this year. Thank you, KMBR teachers, for all your hard work. I am so happy he is now prepared for primary school."

Parents of Izzabelle (Nursery 1)

"I would like to say thank you to Teacher Afiqah for being such an amazing teacher to Bella! I love how she is always excited to go to school every morning. She is talking even more at home now with clearer words, and is good in her counting as well, even though she needs much more improvement on her Malay language because she speaks a lot of English words at home. 😅 But other than that, I am super blessed that I send Bella to KMBR! You took the responsibility to teach and guide my child wholeheartedly. I am forever indebted to you for being a great teacher to my child. I cannot tell you how much I appreciate you for helping me when I struggled to guide my child. Your guidance will never be forgotten. ❤️"

Parental Tips

Healthy Meals for a Healthy Child!

Let your child have more of these ...

- Fruits and vegetables
- Wholegrain (contains more vitamins, minerals)
- Calcium-rich/ fortified products (e.g. dairy, calcium-fortified soybean milk)

and less of these ....

- Salt and salty processed food (will increase risk of high blood pressure in adulthood)
- Sugar (more calories with little nutritional value and will increase the risk of tooth decay)

Look out for stalls with the Healthier Children's Meal endorsement:
