## PARENTS' TESTIMONIALS

Had a great and positive experience with the school and teachers during the learning journey to Bird Paradise! Everything went on smoothly and was a breeze. Definitely a beneficial trip for the children as well ✨

Thank you teachers for your dedication and effort! We appreciate all that you do.

Parent of Husayn  
(Toddler C) &  
Hasan (K2)

Waliyuddin,  
Parent of Yusra (NIB)

We would like to thank Teacher Nura & all the teachers too, for escorting the kids to Birds Paradise. It must be quite hard work too! Yusra definitely had fun judging by her stories and re-enactment of how penguins walk. 😊

Above all, it's a fruitful experience for both us, with Yusra being able to 'spread her wings' with her friends, without us by her side.

It was a pleasant change to be able to see my son interacting with his teachers and friends during the infant learning journey at Tayo Station. My son had a great time exploring the playground, especially jumping on the trampoline. It has also encouraged my son to try something new which is out of his comfort zone, like walking on the net bridge on his own.
