

Principal's Message

Dearest Valued Parents & Children,

It has been a joyful and enriching term filled with meaningful learning experiences and memorable moments. Our children enjoyed exciting outings which provided hands-on opportunities for learning and discovery, and we also celebrated special occasions such as Mother's Day and Father's Day. It was heartwarming to see families come together to create cherished memories.

We are proud of the growth and progress our children have made and look forward to another exciting term of learning and exploration. Thank you for being an important part of our Kidz Meadow family.

Warm Regards
Mdm Jumina

- 4 Sept 2026 🖍️ Teachers' Day (Closure)

I CAN SPY! Nature

Our children explored nature through hands-on activities in the park. They recognised different natural elements, created sun catchers, investigated leaves and their textures through leaf prints, raced leaves with paper plates, and discovered the crunchy sounds of dried leaves. These engaging experiences encouraged children to learn through sight, sound, and touch while developing curiosity and appreciation for nature.

Nature Magnified Tech Tools

To further enhance our Nature Magnified programme, we have invested in a range of technological tools, such as children's digital cameras, 3D pens, voice recorders, photo printers, moisture indicators, and a smart garden. These resources will provide exciting opportunities for children to observe, document, create, and explore their environment in meaningful ways. We look forward to engaging our children in many more hands-on learning experiences with these tools in the upcoming terms!

COLLABORATION WITH COMMUNITY: NLB EARLY READ FIESTA

Following the success of our first performance, Kidz Meadow @ Pasir Ris was once again invited by National Library Board (NLB) to participate in the Early Read Fiesta. Our children confidently presented 'The Very Hungry Caterpillar' by Eric Carle, this time enhancing the storytelling with character dialogues and expressive speech.

The performance concluded with a lively dance to 'If You Believe', featuring improved formations and greater confidence from our young performers. We are proud of our children and teachers for their dedication and growth, making the performance an enjoyable experience for all!

HARI RAYA AWARENESS DAY

Our Hari Raya Awareness Day was a joyful celebration filled with learning, laughter, and togetherness. Families enjoyed heartwarming performances, interactive games and booths, and a 'Best Dressed Family' segment. Everyone then tucked into a delightful potluck feast. Thank you to all our parents and children for making this celebration so memorable!

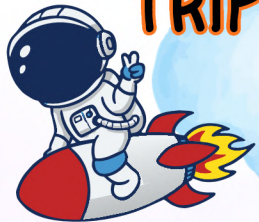

TRIP TO WAN TO PLAY (LITTLE BLOOM)

Our Little Bloom children had an exciting parent-child outing to the Wan to Play indoor playground. In line with the theme 'My Body', the children explored the play space alongside their parents through movement and discovery. From climbing and running, to sharing moments of laughter, the outing provided meaningful opportunities for parent-child bonding while supporting the children's physical development and confidence.

TRIP TO SKYTOPIA (BLOOM)

In line with the theme 'My Body', our Bloom children embarked on a fun-filled trip to SkyHop indoor playground. As they explored the soft play areas, ball pits, and ride-on vehicles, the children developed their body coordination, balance, and locomotor skills through active play. Filled with laughter and bright smiles, the outing was an enjoyable and enriching experience, and the children returned to school happy and energized.

As part of our annual Career Dress-Up Day 2026, our Bloom children enjoyed a special career-sharing session by parents who introduced their professions and shared about their work. It was an engaging and insightful experience that broadened the children's understanding of different careers and ignited their curiosity about the world around them. Thank you to our parent volunteers for making the session so meaningful!

T2 DISPOSITION DAY

Our Term 2 Disposition Day, themed 'Together We Care, Together We Grow', was filled with exciting team-building activities that encouraged engagement, collaboration, and curiosity. From rolling balls and parachute games, to cup-stacking challenges, escape room puzzles, and obstacle courses, the children worked together, explored new ideas, and had lots of fun along the way!

TRIP TO GOBLIN BAKES

In conjunction with our theme 'Food', our N1 to K2 children enjoyed a hands-on baking experience at Goblin Bakes Studio. Through mixing and creating their own treats, the children learnt about the baking process, engaged their senses, and gained a deeper appreciation for how food is made. It was a fun and enriching learning journey for all!

MOTHER'S DAY

Our Mother's Day celebration was filled with love, laughter, and special moments. The event began at the centre, where the children proudly presented their handcrafted gifts to their mums, followed by a fun 'Find My Mummy' blindfold game. Families then enjoyed an outdoor session and a relaxing picnic by the beach. We certainly had a wonderful time and hope all our mums did too!

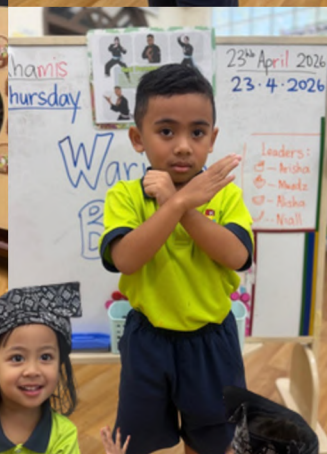

Our Father's Day celebration was filled with smiles, laughter, and meaningful moments as fathers and children spent quality time together. Dads took part in an icebreaker activity where they identified their child's pair of eyes displayed around the classroom, before teaming up with their little ones to build cardboard vehicles. Thank you to all our dads for your love, support, and participation in making this celebration so memorable!

WARISAN BUDAYA: SENI PERTAHANAN DIRI

(ASUHAN - TAJAKA 1 & 2 - TADIKA 1 & 2)

Aktiviti-aktiviti yang bertemakan silat telah diterokai oleh murid-murid dari pelbagai peringkat. Mereka diperkenalkan kepada pakaian seragam serta peralatannya. Mereka juga mencuba aksi pergerakan silat dengan penuh semangat.

STIMULASI BAHASA ANAK DI RUMAH

Sumber rujukan: artikel dari www.jiwadamai.com

Dua petua yang boleh dipraktikkan melalui interaksi harian, membaca, juga bernyanyi bersama secara konsisten.

Teknik 'Self-talk'

dilakukan apabila bercerita tentang perkara yang sedang KITA lakukan menggunakan bahasa yang mudah difahami oleh anak. ✨

Teknik 'Parallel-talk'

adalah teknik yang digunakan ketika bercerita tentang apa yang ANAK sedang lakukan. ✨

Secara tidak langsung, bahasa dapat diterapkan dan digunakan dengan bersahaja.

Semoga bermanfaat!

Best childcare, best teachers. Caring and nurturing environment!

I would like to commend the school for providing such a positive and nurturing environment for the students. It's evident that the staff put in great effort to create a space where children feel supported and motivated to learn.

The teachers are patient, caring, and highly attentive to each child's needs. Their dedication has helped

build a warm and encouraging atmosphere that truly benefits the students' growth. Since my child joined, I've seen remarkable improvement—both in confidence and development. I'm genuinely grateful for the commitment the school shows toward its students.

PARENTS' TESTIMONIALS

VISION

A first-class provider in early childhood care & education

MISSION

Provide a quality and innovative programme that nurtures children to be socially responsible citizens, active learners and thinkers.

OUR PHILOSOPHY

We believe in providing an engaging and positive environment for the children to develop their potential to the fullest in all aspects of development.

Active Learners

We understand that children are natural and active learners. Through project work, thematic and integrated learning, they are given opportunities to explore, gather information and share knowledge.

Resourcefulness

We continuously upgrade our teaching and learning resources in enhancing children's learning experiences.

Community and Parental Involvement

We build a strong and trusting partnerships with the parents and the community to enhance the development of the children.

OUR CORE VALUES

Excellence

We strive for excellence in everything that we do.
