

Principal's Message

Greetings, KMW Families,

As we end the final term of 2025, we look back with pride at how much our children have grown in the past year. They have explored, learned and developed with curiosity and confidence, blossoming into more independent and capable young learners.

We would like to extend our heartfelt congratulations to all children on their class promotion as we celebrate every milestone they have achieved throughout the year.

Thank you, parents, for your continued partnership and unwavering support. Your collaboration has been invaluable in creating meaningful learning experiences for our children. We look forward to strengthening this partnership as we move into 2026.

To our K2 Graduates of 2025, we send our warmest wishes as you embark on an exciting new chapter of transitioning into primary school. May you carry forward the resilience, joy and love for learning that you have nurtured here at Kidz Meadow Woodlands. We are immensely proud of you.

Wishing all families a joyful December holiday! May it be filled with rest, bonding and wonderful memories. Enjoy the break and we look forward to an exciting year ahead in 2026!

Mdm Suhailah Mohd Salleh

Long Service Awards

We are proud to celebrate the dedication and contributions of our educators who have journeyed with us over the years. Their passion, commitment, and love for teaching continue to shape meaningful learning experiences for our children.

3 Years of Dedicated Service

Teacher Francesca

Teacher Zaleha

Teacher Farah

Teacher Crystal

Cikgu Khairunnisa

5 Years of Committed Service

Teacher Marinelle

10 Years of Exemplary Contribution

Ms Rafedah

Mdm Suhailah

We extend our heartfelt appreciation to each award recipient for their unwavering service and for being an integral part of our Kidz Meadow family. Their efforts continue to inspire excellence within our school community.

Staff Retreat & Appreciation Day

*Thank you for
going above
& beyond.*

We had memorable and enjoyable moments as we celebrated Staff Appreciation Day. The occasion was marked by a series of activities designed to bring joy to everyone involved, and to strengthen the bonds among colleagues. Laughter and excitement filled the room as everyone delighted in the programme that had been thoughtfully prepared for us. The atmosphere was lively and uplifting, ensuring that the celebration was truly special for all who attended.

Warisan Budaya

Peringkat Asuhan: Murid-murid meneroka pelbagai jenis kerongsang dengan meneliti tekstur serta rekaannya. Mereka juga mempelajari cara pemakaiannya melalui sebuah demonstrasi. Sebagai aktiviti susulan, murid-murid menghias templat kerongsang menggunakan keratan kertas berwarna dan berjaya memadankan kerongsang dengan lakaran yang betul.

Tajaka 1: Murid-murid diperkenalkan kepada aksesori tradisional Melayu iaitu kerongsang. Mereka meneroka tekstur, warna dan rupa kerongsang yang disediakan, dan berbincang tentang apa yang telah mereka teroka bersama guru dan rakan-rakan. Setelah itu, mereka juga mempelajari cara memakai kerongsang.

Tajaka 2: Murid-murid kali ini diperkenalkan kepada dokoh. Mereka telah mendapat tahu bahawa ia merupakan salah sebuah aksesori yang menghias dan melengkapi busana tradisional Melayu. Untuk menerapkan apa yang telah dipelajari, murid-murid diberi peluang untuk melihat, menyentuh, dan menggayakan dokoh.

Tadika 1: Untuk sesi Warisan Budaya kali ini, murid-murid telah belajar tentang tanjak.

Mereka sangat teruja kerana dapat meneroka tanjak sebenar yang dibawa oleh guru. Mereka kemudian menghasilkan kraf tanjak menggunakan bahan-bahan yang disediakan.

Wenhua Yichan

Toddler

幼儿对不同民族的传统服饰有了初步的认识，之后还试穿了满族的服装。

N1

幼儿通过配对游戏认识了——满族、汉族和维吾尔族的男女传统服饰。

K1

幼儿通过游戏了解了不同朝代（如汉代、唐代和现代）的传统服饰，之后也试穿了不同朝代的汉服。

Deepavali Awareness Day

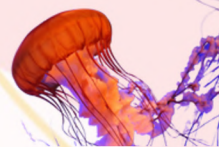

Our school was filled with colour, music and excitement as the children came together to celebrate Deepavali – the Festival of Lights. The celebration was not only a joyful event, but also a meaningful opportunity for our young learners to understand the values of light, kindness and unity that Deepavali represents.

They enjoyed learning about the story of Deepavali as they explored the theme of good overcoming evil, and the importance of spreading light through kindness and friendship.

Little Bloom's Learning Journey to Oceanarium

The children had a wonderful and exciting day during our field trip to the Singapore Oceanarium! They were full of curiosity as they explored the underwater world and discovered many amazing sea creatures. The children were delighted to see turtles, stingrays and even some friendly jellyfish glowing in the water. The large viewing tunnel was a magical moment — everyone gasped as sharks and big fish swam right above their heads!

After a day full of wonder, the children returned to school with big smiles and lots of stories to share. It was a joyful and memorable trip that helped them connect with nature and explore the world beyond the classroom.

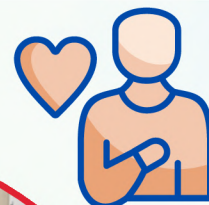

Bloom's Learning Journey to Bird Paradise

The children had a fun and meaningful day out at Bird Paradise! They were fascinated by the wide variety of birds, noticing differences in size, colour and purpose. Watching the birds of prey show captured their attention and sparked curiosity about how birds hunt and survive in the wild. This outing supported their observational skills, broadened their knowledge of animals, and encouraged social interaction through shared experiences.

Term 4 Disposition Day

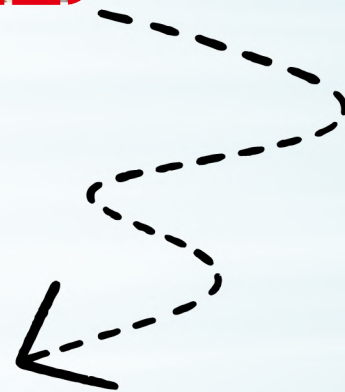

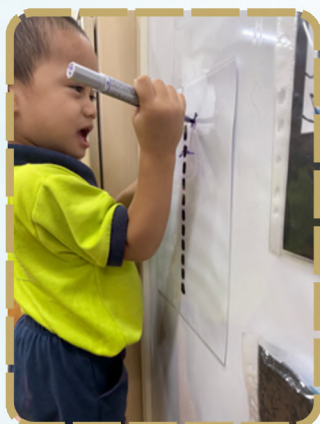

On Disposition Day, our preschoolers enjoyed activities that strengthened their understanding of honesty, perseverance, and showing love to others. During the 'Tall Tower Challenge', children worked together to build the tallest block towers they could. Even when towers fell, they kept trying again — showing wonderful perseverance and teamwork.

To end the week, the children created a 'Love Craft' using paper hearts and other art materials. Through this activity, they expressed love and kindness by decorating their paper hearts with drawings and messages about people they care about.

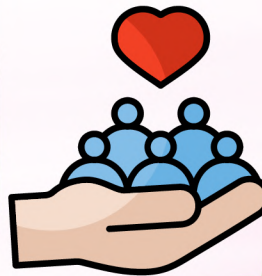

Toddler A

Our little learners practised tracing the lowercase letter 'l' using dotted outline templates. Through this activity, the children strengthened the small muscles in their hands while developing important pre-writing skills. Tracing also encourages proper pencil grip and better control, helping build confidence for future writing tasks. We loved seeing their focus and excitement as they worked!

Toddler B

The children learnt to express their thoughts and values through meaningful scenarios, such as helping someone in need. They showed genuine care and empathy, thoughtfully considering how their actions could make a positive difference in the lives of others.

NIA

With tongs in hand, the children transferred animal toys from one spot to another — building fine motor control, practising hygiene habits and creating their own little animal worlds along the way!

NIB

The children practised their crab-walk along the taped pathways, building strength, balance and coordination. They had lots of fun, with giggles, focus and proud moments throughout the activity.

Children took turns rolling the ball to knock over the animal figures, strengthening gross motor skills, hand-eye coordination, and focus. The activity also encouraged turn-taking, patience, and lots of fun through active group play.

N2A

The children had fun participating in two activities — 'Traffic Lights' and 'Burst the Bubbles!'. During 'Traffic Lights', they practised drop-catching and bouncing a ball while responding to changing signals. In 'Burst the Bubbles!', they worked on hand-eye coordination by striking slow-moving bubbles overhead with their fingers.

The children learnt about making healthy food choices using the concept of a 'Healthy Plate'. This activity aimed to help them understand the importance of balancing different food groups for a nutritious diet.

N2B

Whether indoors or outdoors, the children learnt through play! They had the chance to play outside where, whenever the music stopped, they had to freeze like statues and display a chosen emotion on their faces. Returning indoors, the children brought a living element from nature — fresh flowers. They examined the textures and thoughtfully shared their observations with their peers.

KIA

The K1A children learnt about the differences between fish and birds through discussion and observation. They identified and compared the body parts of both animals, then further explored a real fish using their senses of touch, smell, and sight to deepen their understanding.

The children practised the overarm strike by hitting hanging cups using their hands. They then extended the activity by using a racket to perform the same action, allowing them to experience how badminton players use the overarm movement when playing the sport.

K1A children experimented with texture art by creating their own stamps. Using yarn and glue to form various patterns on a piece of cardboard, they painted the yarn and pressed it onto paper, producing their own unique stamped artwork.

The children delved into the story 'The Rainbow Fish', learning that sharing makes the world more beautiful. Inspired by the story, they made their own colourful fish craft using a variety of materials.

In this outdoor game, the children used a long implement to carefully guide a ball along a path. The encouragement and cheers from their friends certainly made this activity an exciting one from start to end!

K2

The children learnt about subtraction through the game of bowling, incorporating play into their learning. They eagerly took turns to kick the ball towards the target, and even helped each other with the subtraction sentences! Well done, K2!

The K2s worked on a project where they applied their knowledge of the different parts of an animal's body. They coloured and cut out the picture of the animal given, and pasted it on a piece of paper, labelling the parts of its body after they have done so. Then, they created a picture frame for their work using recycled cardboard. Good job, K2!

FRUITY PEANUT BUTTER PITAS

Cooking together at home creates meaningful moments of connection. As children explore simple kitchen tasks — stirring, pouring, sprinkling — they build confidence, strengthen fine motor skills, and learn to take pride in their creations. Most of all, these shared experiences nurture curiosity, independence and joyful family memories that last beyond the kitchen.

Ingredients:

- 1/4 cup peanut butter
- 1/8 teaspoon each of ground all spice, cinnamon and nutmeg
- 2 whole wheat pita pocket
- 1/2 medium apple, thinly sliced
- 1/2 medium firm banana, sliced

Directions:

1. Cut pita pocket into halves and set aside.
2. Cut apples and bananas into thin slices.
3. In a small bowl, mix the peanut butter, allspice, cinnamon, and nutmeg and make it into a smooth spread.
4. Scoop and spread inside pita bread halves.
5. Fill with apple and banana slices.

MISSION

Provide a quality and innovative programme that nurtures children to be socially responsible citizens, active learners and thinker
