

Dear Parents,

Welcome to Term 3! It is indeed wonderful to begin another term of learning and growing together. As always, our teachers are committed to creating a nurturing environment where every child feels safe, valued, and inspired to explore the world around them. Through play, meaningful experiences, and caring relationships, we will continue to support each child's confidence, curiosity, and love for learning.

We sincerely thank YOU for your continued trust, encouragement, and partnership. Your support plays an important role in making our centre a warm and connected community. We look forward to sharing many special moments and celebrating your children's growth throughout the term. Wishing you and your family a happy and rewarding Term 3.

Warm regards,
Mdm Huda

- 3 September - Staff Welfare (Half-Day Centre Closure)
- 4 September - Teachers' Day

Upcoming Event Dates

- 7 August - National Day Celebration
- 24 August - Nature Magnified Learning Journey (Gardens by the Bay): N2 to K2
- 26 August - Disposition Day
- 28 August - Emergency Preparedness Day

Learning Journey to KidsSTOP

On 7 April, our N2 to K2 children embarked on an exciting learning journey to KidsSTOP.

Through hands-on exhibits and interactive activities, the children explored scientific concepts in a fun and engaging way. The experience nurtured their curiosity, problem-solving skills, and confidence while encouraging them to learn through exploration, discovery, and play. It was a wonderful opportunity for our young learners to extend their classroom learning and develop a deeper understanding of the world around them.

Learning Journey to Giant Supermarket @ IMM

On 3 June, our Toddler and Nursery 1 children embarked on an enriching learning journey to Giant Supermarket at IMM, providing them with the opportunity to explore a familiar community setting and make meaningful connections between classroom learning and everyday experiences. Throughout the visit, the children discovered the different areas within the supermarket, including the fresh produce and dairy sections.

The learning journey enhanced the children's language, cognitive, and social-emotional development while encouraging active observation and curiosity. It was an engaging experience that helped deepen their understanding of shopping routines and the role of supermarkets within the community.

Fish!

Singapore Police Force Talk

On 10 June, our N2 to K2 children had a special visit from the Singapore Police Force, who conducted an engaging and informative talk for the children. During the session, the officers shared valuable lessons on road safety and bullying, helping the children understand the importance of making safe and respectful choices in their daily lives.

The highlight of the visit was the opportunity for the children to explore a police van and learn about its purpose and features. This hands-on experience sparked the children's curiosity and provided meaningful insights into the important role police officers play in keeping our community safe.

To express their appreciation, the children proudly presented a thank-you card that they had created together with their parents. The thoughtful gesture allowed the children to show gratitude for the officers' visit and their dedication to serving the community. It was a meaningful and enriching experience that deepened the children's understanding of safety and responsibility, as well as the role of community helpers, and the importance of showing appreciation to others.

SportyBots Programme

Our N2 to K2 children have been actively participating in the SportyBots programme, a complimentary fun and engaging multi-sports enrichment programme offered at Kidz Meadow. Through a variety of sports and movement-based activities, the children develop their gross motor skills, coordination, balance, agility, and teamwork in a positive and non-competitive environment. The programme encourages children to lead active and healthy lifestyles while building confidence, resilience, and social skills. Through learning different sports, the children also develop perseverance, cooperation, and a love for physical activity, supporting their holistic growth and development.

I CAN SPY! Nature

Our Little Bloom children actively participated in a variety of hands-on learning experiences, both indoors and outdoors. They went on nature walks where they observed and collected items from their environment such as leaves, twigs, and flowers, encouraging curiosity and exploration. These natural materials were then used in sensory and art activities to create collages and patterns.

It was a joy to see our Toddler & Nursery 1 children working well together during collaborative activities. Through these experiences, they developed their fine motor skills, creativity, observation skills, and an appreciation for nature, while building confidence in expressing their ideas and working with others.

Leaves!

Nature Magnified

In Term 2, our children embarked on an exciting inquiry into the world of plastic and its impact on our environment. Through hands-on investigations, discussions, and creative experiences, they delved into how plastic waste affects our planet and learnt about the importance of making sustainable choices. The children discovered practical ways to reduce plastic waste through recycling, reusing materials, and upcycling. As part of their learning journey, they reflected on how they can make a difference and created their own pledges to raise awareness about reducing plastic consumption and protecting the environment. These meaningful activities empowered the children to become responsible stewards of the Earth, demonstrating that small actions can contribute to a greener and more sustainable future.

Hari Raya Awareness Day

On 27 March, Hari Raya Awareness Day was celebrated through a variety of meaningful and engaging activities that presented our children with opportunities to learn about and appreciate the cultural traditions of Hari Raya Aidilfitri.

There was much joy as the children interacted and participated in lively dance performances and traditional games. The event was further enriched as parents joined their children in the celebrations, creating a warm and inclusive school community experience. This festive celebration helped to foster cultural awareness, respect for diversity, and an appreciation for the different traditions among the children.

Warisan Budaya

Pada Penggal 2, murid-murid telah mempelajari tentang seni mempertahankan diri tradisional Melayu, iaitu silat. Mereka juga diperkenalkan kepada keris, yang merupakan satu warisan budaya Melayu.

Melalui pembelajaran ini, murid-murid dapat memahami kepentingan menjaga keselamatan diri, membina keyakinan diri, serta mengembangkan disiplin dan kawalan diri. Mereka juga berpeluang mengenali nilai-nilai murni seperti hormat, keberanian dan ketekunan yang diterapkan dalam seni silat. Selain itu, pembelajaran tentang silat dan keris telah membantu murid-murid menghargai warisan budaya Melayu, memupuk rasa bangga terhadap identiti budaya, serta meningkatkan kesedaran tentang kepelbagaian budaya dalam masyarakat.

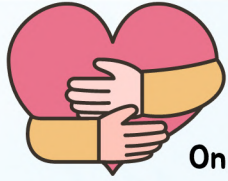

Wenhua Yichan

在文化遗产活动中，孩子们通过丰富而有意义的体验，深入了解中华文化。他们学习了中国传统武术——功夫，认识到功夫不仅能够强身健体，还能培养专注力、自律精神和毅力。孩子们也接触了中国传统乐器——二胡，聆听其独特的音色，感受中华音乐文化的魅力。

此外，孩子们还参与了健康饮食手工制作活动，学习辨别健康食品，并了解均衡饮食对身体成长的重要性。通过这些活动，孩子们不仅加深了对中华文化的认识与欣赏，也提升了创造力、文化意识以及健康生活的好习惯。

Disposition Day

On 28 May, we observed Disposition Day, where our children's learning was centred around the theme 'Friends Care, Friends Share'. Through engaging activities and discussions, the children explored important values such as kindness, empathy, cooperation, and sharing. The experiences encouraged the children to build positive relationships with their peers, understand the importance of caring for others, and demonstrate thoughtful actions in their daily interactions. It was a meaningful day that helped nurture strong social-emotional skills and a sense of community within the classroom.

Values-in-Action with Ahmad Ibrahim Secondary School

On 25 June, our K1 and K2 children were involved in a meaningful community collaboration with students from Ahmad Ibrahim Secondary School. Working alongside older students, the children participated in interactive storytelling and craft activities, creating an enjoyable and enriching shared learning experience.

This collaboration supported the NEL Framework (2022) by the Ministry of Education, with an emphasis on holistic development and social competency. Through positive interactions with older peers, the younger children developed communication skills, cooperation, confidence, and the ability to share and exchange ideas respectfully. This experience also strengthened their sense of belonging within the wider community while nurturing curiosity and a love for learning.

June Holiday Programme - Zoom to Space

Our children immersed themselves in exploring space and the solar system through hands-on craft activities and simple experiments. They learnt about planets, stars, and space phenomena in a fun and interactive way that ignited their curiosity and wonder.

This experience supported the development of their scientific thinking, problem-solving skills, and creativity. Through exploration and experimentation, the children also strengthened their communication and collaboration skills while deepening their understanding of the world beyond Earth.

'Start Small Dream Big' Project Launch

On 9 May, our families and teachers came together at The Meadow, Gardens by the Bay, to take part in the 'Start Small Dream Big' launch. The day was filled with exciting hands-on activities, games, and attractive prizes for families to win and redeem. A special Mother's Day booth added a meaningful touch, providing opportunities for children to celebrate and show appreciation for their mothers.

Through their participation, the children and their families strengthened their bonds with one another while learning the importance of community involvement and giving back. It was an eventful day that fostered in the children a sense of belonging, social responsibility, and an appreciation for the people who make a difference in their lives.

Parental Workshop

On 7 May, our Little Bloom parents participated in a hands-on workshop where they learnt how to create sensory bottles using simple and safe materials such as water, food colouring, glitter, beads, and pom-poms. During the session, the parents explored different ways to design bottles that provide visual, auditory, and tactile stimulation for infants and young children.

The workshop highlighted how sensory bottles can support children's development by encouraging curiosity, focus, visual tracking, sensory exploration, and language development. The parents were also introduced to ideas on how sensory bottles can be used at home to promote calmness, support self-regulation, and create meaningful parent-child interactions through play.

WHERE FUN & CREATIVE LEARNING BEGINS...

Vision

A FIRST-CLASS PROVIDER IN EARLY CHILDHOOD EDUCATION

Our Mission

PROVIDE A QUALITY AND INNOVATIVE PROGRAMME THAT
NURTURES CHILDREN TO BE SOCIALLY RESPONSIBLE CITIZENS.

ACTIVE LEARNERS AND THINKERS

Our Philosophy

WE BELIEVE IN PROVIDING AN ENGAGING AND POSITIVE
ENVIRONMENT FOR THE CHILDREN TO DEVELOP THEIR
POTENTIAL TO THE FULLEST IN ALL ASPECTS OF
DEVELOPMENT

Our Core Values

COMMUNITY AND PARENTAL INVOLVEMENT

WE BUILD A STRONG AND TRUSTING PARTNERSHIPS WITH THE
PARENTS AND THE COMMUNITY TO ENHANCE THE DEVELOPMENT
OF THE CHILDREN.

ACTIVE LEARNERS

WE UNDERSTAND THAT CHILDREN ARE NATURAL AND ACTIVE
LEARNERS. THROUGH PROJECT WORK, THEMATIC AND
INTEGRATED LEARNING, THEY ARE GIVEN OPPORTUNITIES TO
EXPLORE, GATHER INFORMATION AND SHARE KNOWLEDGE.

RESOURCEFULNESS

WE CONTINUOUSLY UPGRADE OUR TEACHING AND LEARNING
RESOURCES IN ENHANCING CHILDREN'S LEARNING EXPERIENCES.

EXCELLENCE

WE STRIVE FOR EXCELLENCE IN EVERYTHING THAT WE DO.
