

Message from Principal

As we wrap up Term 3, I would like to take a moment to express my heartfelt gratitude and appreciation for the incredible journey we have shared. This term has been filled with numerous highlights, milestones and moments of growth that have truly showcased the potential and spirit of the children.

Thank you to our dedicated teachers, supportive parents and enthusiastic children for making this term so special. We are grateful for your partnership and commitment to our preschool's mission.

We are excited for the new experiences, challenges and opportunities that await us in Term 4. Here's to making more wonderful memories together!

Warmest regards,
Mdm Huda

- 29 November - Parent Teacher Conference
- 1 to 5 December - Transition Programme Week 2
- 10 to 28 December - D.E.E.P Project (Ready for School)
- 24 December - Christmas Awareness Day

International Friendship Day

On 25 July, International Friendship Day was celebrated at school, providing an opportunity for children to engage in diverse cultural activities with their peers. The children embarked on a vibrant learning journey exploring the rich cultures of Saudi Arabia, Mexico, and the Philippines through engaging musical performances, dance routines, and crafts. This multifaceted approach fostered a profound understanding of cultural diversity and promoted inclusivity among the students.

Warisan Budaya

Murid-murid diperkenalkan kepada budaya pelbagai bangsa di Singapura melalui pelbagai aktiviti menarik. Mereka mempelajari tentang pakaian-pakaian tradisional, bermain permainan tradisional, menyanyi lagu rakyat, serta menghasilkan kraf rumah kampung dan hiasan batik. Selain itu, mereka mendengar dan melakonkan cerita rakyat yang menampilkan Sang Kancil, sambil mempelajari nilai tolong-menolong dan kebijaksanaan apabila menghadapi cabaran. Murid-murid juga membincangkan perayaan-perayaan utama seperti Hari Raya, Tahun Baru Cina, Deepavali dan Hari Vesak. Aktiviti-aktiviti ini bukan sahaja mengembangkan kreativiti dan kemahiran motor halus mereka, tetapi juga membimbing mereka menghormati perbezaan budaya serta membina rasa bangga dan perpaduan sesama kaum.

Wenhua Yichan

在第三季度的文化遗产课程中，我们带领幼儿探索了“青花瓷”的奥秘。幼儿们认识了青花瓷白底蓝花的独特美感，了解了其悠久的历史。通过亲手绘制青花瓷图案的手工活动，幼儿们深刻领略了这项传统工艺的魅力，在激发艺术兴趣和创造力的同时，也增强了他们对中华优秀传统文化的感知与认同。

National Day Awareness

On Friday, 8 August, we came together to celebrate our nation's birthday meaningfully. To showcase their national spirit, both the children and teachers proudly wore red and white. The day was filled with lively musical and dance performances, along with the distribution of pencil cases to the community. These special pencil cases were customised specially by the children, and featured their hopes and dreams. Celebrating National Day in preschool plays an important role in nurturing the children's awareness of our nation's heritage, fostering a sense of belonging, and instilling pride in being a part of the  community from a young age.

Racial Harmony Day Awareness

On 21 July, the children came together to joyfully celebrate the significance of racial harmony in Singapore. Dressed in vibrant cultural costumes, they performed Malay, Indian, Chinese, and Filipino dances. The celebration also featured engaging cultural booths, where children and their families took turns exploring traditional games and activities. Through this, we hope that our young children will understand and appreciate the beauty of Singapore's diversity, have respect for different cultures, and embed the values of inclusiveness and unity in their hearts and minds from an early age.

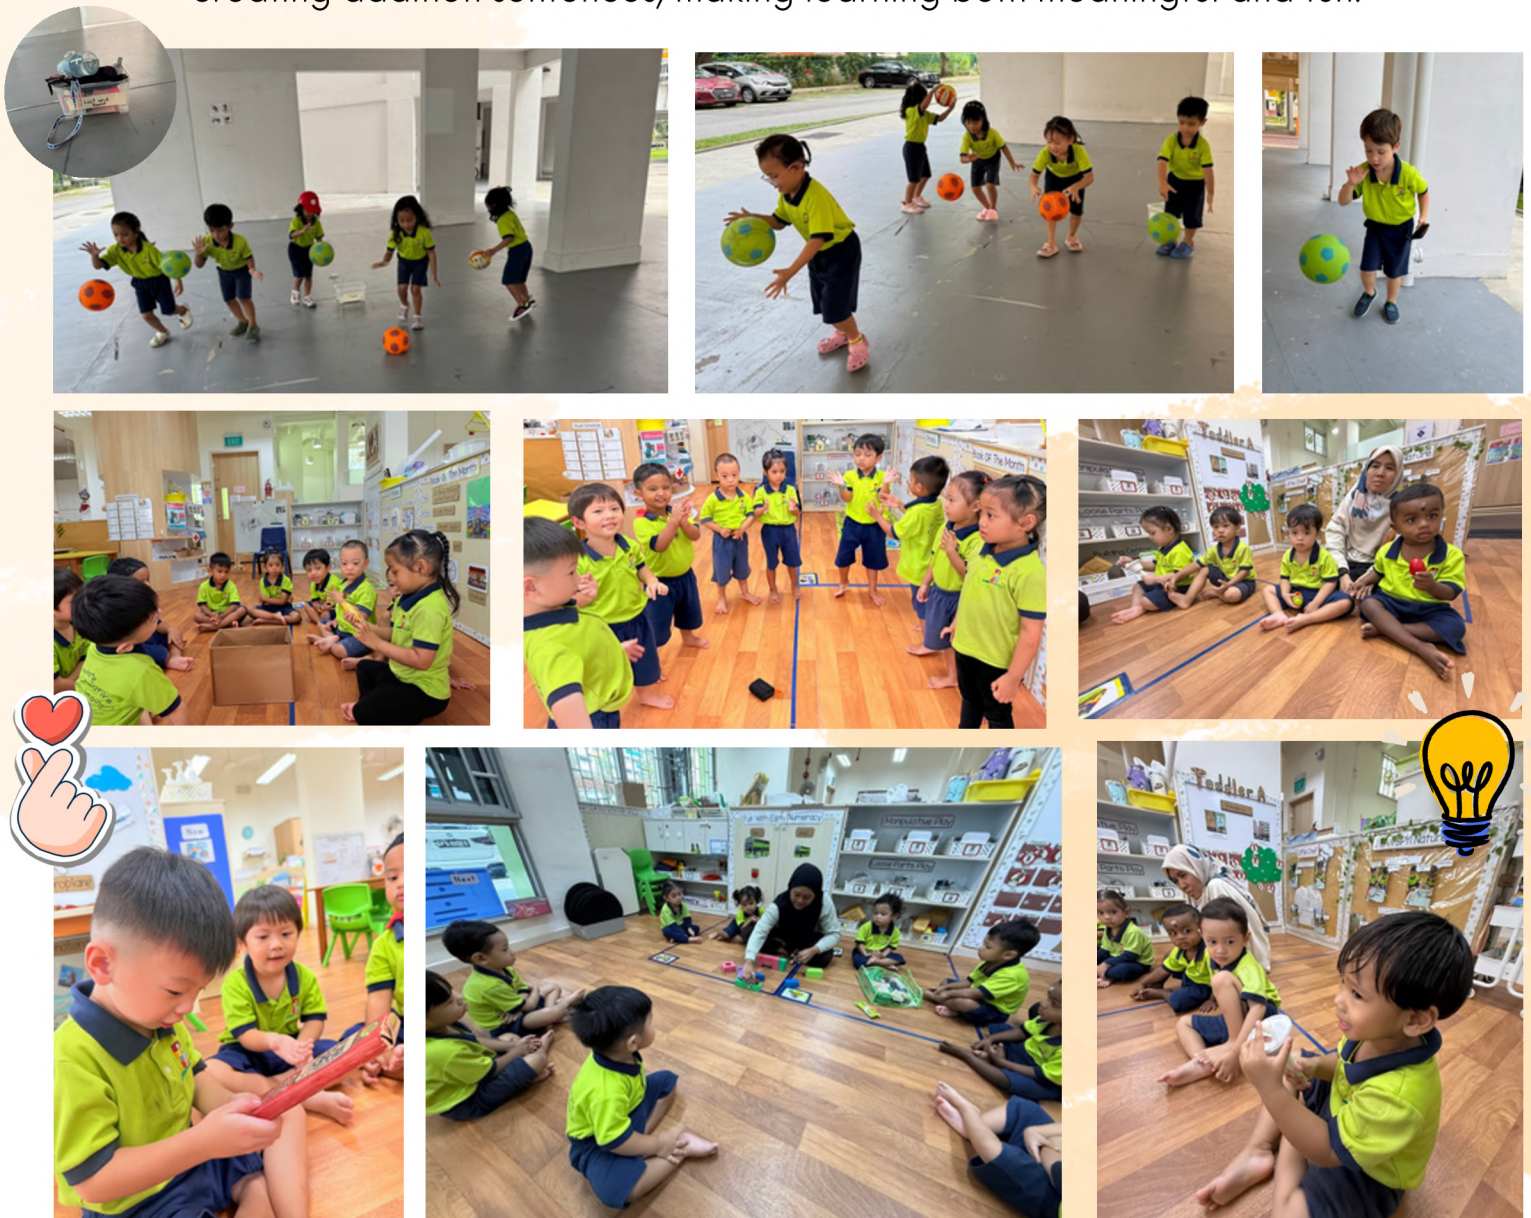

Disposition Day

We celebrated Disposition Day with the theme 'Honesty Begins with Me' on 27th August.

The BLOOM children engaged in both gross motor and numeracy activities designed around the value of honesty. During the gross motor segment, they practised dribbling at different speeds, with varying control and along different pathways, all while returning misplaced items to the 'Lost and Found' bin to reinforce the importance of doing what is right. They also reflected on thought-provoking questions about honesty and how it applies in their daily lives. In addition, they embarked on a 'Lost and Found' adventure that incorporated numeracy concepts such as number pairs, ordinal numbers, and creating addition sentences, making learning both meaningful and fun.

Learning Journey to National Gallery Singapore

On 28 July, the K1 and K2 children visited National Gallery Singapore for a guided art tour held in collaboration with Families for Life. During the visit, the children explored various installation pieces and artworks while engaging in meaningful discussions about family values reflected in the art. This experience not only enhanced their appreciation for art but also encouraged them to think critically, express their observations, and deepen their understanding of important values such as love, respect, and togetherness.

Learning Journey to Flower Dome

The children embarked on an enriching trip to the Flower Dome at Gardens by the Bay, where they experienced the spectacular Orchid Extravaganza as part of their Nature Magnified activity. Through observing and smelling the flowers up-close, they actively engaged their senses while deepening their understanding of nature. Meaningful discussions were held on topics such as the basic needs of plants, Singapore's national flower, the Vanda Miss Joaquim, and the Peranakan culture showcased within the display. This learning journey not only broadened the children's knowledge of biodiversity and cultural heritage, but also fostered curiosity, critical thinking, and an appreciation for the natural environment.

Little Chefs!

Look at our enthusiastic N1s as they created their very own fruit-infused drinks! In line with the theme, the children explored healthy fruits and vegetables that can be turned into refreshing beverages. This hands-on activity not only introduced them to the importance of making healthy food choices but also encouraged creativity, fine motor development, and sensory exploration. Such experiences help nurture healthy habits from a young age while fostering confidence and independence in trying new things.

Hello?

I CAN SPY! Nature

Term 3 had been filled with fun and engaging explorations where the children immersed themselves in discovering the wonders of nature around them. They expressed their creativity by designing unique art pieces using flowers and leaves. This experiential learning fosters curiosity, creativity, and sensory awareness, while nurturing a sense of care and respect for the environment.

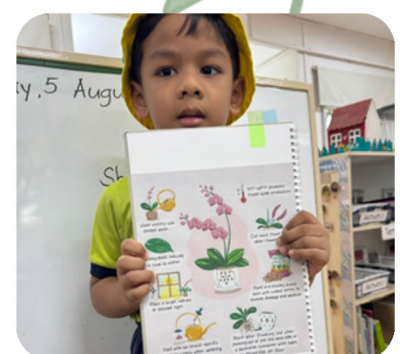

Nature Magnified

In Term 3, the BLOOM children explored the world of flora and fauna, with a special focus on flowers. They incorporated flowers into their crafts and hands-on activities, while also discovering their significance across different cultures. Through these experiences, the children not only developed creativity and fine motor skills but also gained an appreciation for nature, cultural diversity, and the role flowers play in everyday life. This learning nurtures their curiosity, enhances sensory exploration, and encourages respect for the environment.

Infant

Our lovely infants delighted in fun and creative learning experiences alongside their friends. They eagerly engaged in a variety of hands-on activities designed to strengthen their motor skills. These opportunities are crucial at this early stage as they help build coordination, muscle control, and independence, while also encouraging exploration, curiosity, and social interaction. Such experiences lay the foundation for their overall growth and development in the years to come.

Toddler

The toddlers took part in a variety of fun-filled activities designed to support their holistic development. Through hands-on experiences and visual exploration, they engaged actively with their environment, sparking curiosity and creativity. These activities also promote problem-solving skills, concentration, cognitive growth, and physical development. Beyond skill-building, they help nurture a positive attitude toward learning, encouraging children to explore, ask questions, and make meaningful connections with the world around them.

Nursery 1

The Nursery 1s explored the themes of 'Community Helpers' and 'Transportation' through engaging role-playing and a variety of hands-on activities. They participated in simple discussions with their teachers, allowing them to identify different community helpers and recognise familiar modes of transportation.

My
Aeroplane!

Nursery Two

The N2 children had a wonderful term exploring the theme of 'Houses, Singapore, and Places of Interest'. They actively participated in fun hands-on activities with their peers, using their senses to learn and discover. Through these activities, the children developed a sense of identity and belonging, gained a deeper appreciation for their community, and nurtured social skills, curiosity, and an early understanding of different cultures.

Kindergarten One

Like their N2 friends, the K1 children learnt about 'Houses, Singapore, and Places of Interest' in Term 3, which fostered their understanding and connection to their surroundings. The engaging activities they participated in spanned across all learning domains, supporting their holistic development by nurturing cognitive growth, language and communication skills, creativity, social-emotional development, and physical coordination. Learning through multiple domains at this stage helps children make meaningful connections, develop confidence, and build a well-rounded foundation for lifelong learning.

Kindergarten Two

The K2 children delved into 'Houses, Singapore, and Places of Interest', building on what their peers in other Bloom classes have explored on this theme. Spanning across all learning domains, the children immersed themselves in meaningful activities, making connections to their daily lives. Through these activities, the children were able to explore the theme to enhance their understanding, develop critical thinking, and also foster creativity, collaboration, and problem-solving skills, laying a strong foundation for future learning.

Teachers' Day Appreciation Wall

Happy Teacher's Day!
Dear teacher Zhazzy & houxue Latishah!

This is Amber very first Teacher's Day at the KMY, and as parents, we truly want to express our gratitude. When she first entered the new environment at the age of three, we were naturally a little worried about how she would adapt. Thanks to the patience, care, and guidance from both of you, she quickly felt at home and has become very comfortable and happy here. We deeply appreciate the love and support you have shown her, and we feel very lucky that she has such wonderful teachers at the start of her learning journey.

Thank you sincerely for everything you do.

From Amber's parents

Happy Teacher's Day

Happy Teacher's Day! Thank you for always creating a safe, nurturing space where the children can learn, grow, and feel cared for. Your patience, kindness, and dedication mean more than words can express, and we're truly grateful for the love and guidance you give every day.

Lots of love,
Umar Aaqil & Ayla Umairah

Happy Teacher's Day!
Dear Infant Care Teachers,

Thank you for taking such good care of me, even when I feel a little clingy and want to be held all the time. It means so much that you still comfort me with your hugs, songs, and gentle words. I love it when you talk and sing to me, it makes me feel happy and safe.

Thank you for including me in all the fun activities that help me learn and grow every day. Because of you, I'm discovering new things and developing new skills. You are my very first teachers, and I'm so lucky to have you in my life.

I love you so much!

With lots of cuddles,
Musse Lee

Happy Teacher's Day!
Dear Teacher Regene, Cikgu Tia & Teacher Jessica,

Thank you for making learning so much fun every day. You help me learn new things, play exciting games, and always make me feel safe and happy. I love how you read us stories and teach us to share. You make school feel like a special place where I can grow and discover new things. Thank you for being the most wonderful teacher ever!

With lots of love,
Nur Faiqah

Create Memories at Home: The Perfect Staycation for Your Family

In today's busy world, finding quality time with your children can be challenging. Why not turn your next vacation into a memorable staycation right here? Here's how a staycation can strengthen your family bonds and create lasting memories:

Why Choose a Staycation?

- No travel stress or expenses
- More flexibility to enjoy spontaneous moments
- Opportunity to explore local attractions and hidden gems
- Focus on quality time together

Here's how!

All aboard **Train Pod**! Experience Singapore's first co-living **train hotel**, created from an upcycled MRT carriage by Tiny Pod at LaunchPad @ one-north.

Stay in one of eight cosy private rooms with ensuite bathrooms, Wi-Fi, and Netflix or book the Premium Room for exclusive access to the driver's seat! Also available for booking as a unique event venue for birthday parties, family gatherings, or creative workshops.

Part of Tiny Pod's family of unique stays, including **Container Hotel @ one-north**, **Container Hotel @ Haw Par Villa**, and **Garden Pod @ Gardens by the Bay**, Train Pod promises a **staycation full of adventure and memories**.

Book now at www.tinypod.com/train-pod and enjoy **5% OFF** with **promo code KM5OFF**. Valid until 30 Dec 2025.

WHERE FUN & CREATIVE LEARNING BEGINS...

Vision

A FIRST-CLASS PROVIDER IN EARLY CHILDHOOD EDUCATION
