

A Message from the Principal

Dear Parents,

With the conclusion of Term 2, I would like to thank you for your continued trust, support and partnership. This term, our children have grown through meaningful learning experiences, new discoveries and valuable interactions with their peers, teachers, families and the community.

As the saying goes, "It takes a village to raise a child". Together, we play an important role in nurturing confident, resilient and lifelong learners.

Thank you for being a part of your child's learning journey. We look forward to another exciting and enriching term ahead.

Warm Regards,
Mdm Siti Shahidah Samat

Teacher's Day Closure

NATURE MAGNIFIED TOOLS

We are excited to introduce our new Nature Magnified tools, such as cameras, audio recorders, photo printers, 3D pens, smart gardens, and magnifying glasses, to enhance our children's exploration and learning. Using these tools, the children will be able to observe, record, and document their discoveries in creative ways. These will aid their hands-on experiences to foster curiosity, inquiry, and a deeper appreciation of the natural world.

NATURE MAGNIFIED

Our K1 children created thank-you cards to show appreciation for the community helpers in the neighbourhood. They collected natural materials from the garden, such as leaves and flowers, and used them to decorate their cards. Through this activity, they expressed their creativity, and gratitude for the people who help care for the community.

Our N2s created their own castanets using used cardboard and bottle caps. They showed enthusiasm and creativity as they assembled the materials and discovered how the bottle caps produced sounds when clicked together.

Our K2s collected different plastic items from the neighbourhood for a float-and-sink experiment. Through hands-on investigation, they observed which plastics floated and which sank, while learning that different types of plastic have different properties. This activity also helped the children understand the importance of caring for the environment. They learnt that plastic waste can end up in rivers and oceans, where it may harm marine animals and pollute natural habitats. Through discussions, the children suggested ways to reduce plastic waste and help protect the environment.

I CAN SPY! NATURE

Our Toddlers had an enjoyable time as they attempted to use different materials to build their leaf towers. They stacked blocks of various sizes and used problem-solving skills to make their towers taller and more stable. The children also practised their fine motor skills as they poked leaves onto sticks to create their leaf towers. This hands-on activity encouraged the children's creativity and concentration, and promoted their exploration of natural materials.

Our N1 children worked together to collect leaves of different sizes from their surroundings. They demonstrated teamwork and cooperation by helping one another gather a variety of leaves. After collecting them, the children carefully observed and compared the sizes, sorting the leaves into groups of big and small. Through this activity, they developed their observation, classification, and communication skills while exploring the natural environment around them.

LITTLE HANDS, BIG IMPACT: EAST COAST PARK CLEAN-UP DRIVE

During their learning journey to East Coast Park, our children took part in a clean-up activity with their parents. As they worked together to pick up litter and keep the park clean, the children gained a better understanding of caring for the environment, being responsible, and cooperating with others. This activity also created a meaningful opportunity for families to bond while contributing to the community.

clean up

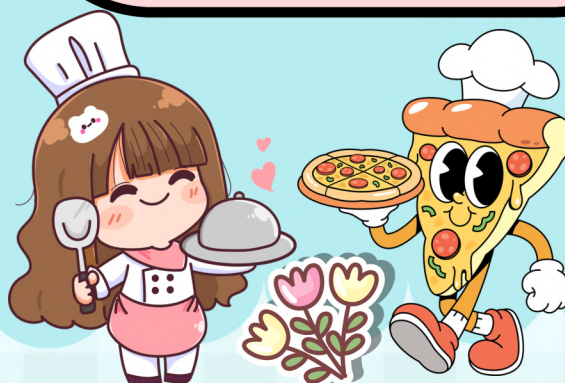

A FUN-FILLED LEARNING JOURNEY TO PORORO PARK

Our children visited Pororo Park for their learning journey and had a fun-filled day with their friends as they explored the different play areas, developing their motor, social, and creative skills.

A highlight of the visit was the pizza-making activity, where the children learnt about different ingredients and created their own pizzas. They enjoyed working together and learning through hands-on play, making wonderful memories with their friends and parents.

Disposition Day

Together We Care, Together We Grow

During Disposition Day, our children participated in a range of engaging activities that encouraged them to interact, collaborate, and learn with their friends. Through group play, teamwork challenges, sharing experiences, and role-playing activities, they practised important social skills such as cooperation, empathy, communication, and respect for others. The children learnt to support one another, take turns, and work together towards common goals. These meaningful experiences helped strengthen their friendships, build confidence, and foster a sense of belonging within the classroom.

D.E.E.P. Project

Our children delved into the world of plants as part of the D.E.E.P. Project through a variety of hands-on activities, simple experiments, and neighbourhood walks, where they discovered the importance of plants to humans and animals. The children also learnt what plants need to grow, took a closer look at fruit-bearing and edible plants, and got to know about different herbs.

These meaningful experiences sparked their curiosity, promoted their environmental awareness, and helped them develop a greater appreciation for nature.

Hari Raya Awareness Day

Our Hari Raya celebration was a festive and meaningful event made possible through the wonderful collaboration between the school and our parents.

Our children and parents enjoyed participating in a variety of fun games, creating joyful memories together. The children delighted everyone with their performance of traditional Hari Raya songs, while families proudly showcased their traditional 'kampong vibes' attire during the Best Dressed segment.

Thank you, parents, for your enthusiastic participation and support in making this celebration a memorable one for our children. Everyone truly embraced the spirit of the celebration!

Warisan Budaya

Kanak-kanak telah meneroka salah satu warisan budaya Melayu, iaitu silat. Mereka memperagakan pakaian silat, dan juga diperkenalkan kepada cara memakai tanjak. Melalui aktiviti ini, kanak-kanak dapat memahami dan menghargai keindahan warisan budaya Melayu sejak usia dini.

Kanak-kanak berasa seronok apabila berpeluang untuk memakai tanjak dan mencuba pergerakan asas silat yang mudah.

Warisan Budaya

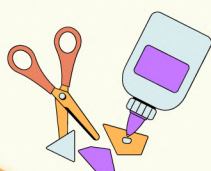

Kanak-kanak meneroka daun kari melalui aktiviti yang melibatkan deria bau dan sentuhan, serta menghasilkan kraftangan menggunakan daun kari.

Kanak-kanak teruja apabila diperkenalkan kepada pakaian silat dan mencuba pergerakan asas silat dengan penuh semangat.

Kanak-kanak telah menghasilkan kraftangan keris setelah mempelajari tentang pakaian dan alat yang digunakan dalam seni silat.

WENHUA YICHAN

N1: 幼儿跟随舒缓的音乐学习简单的太极动作，在模仿和练习过程中感受动作的节奏与协调。通过伸展、转身和移动身体，幼儿锻炼了身体平衡能力和肢体协调能力，同时培养了专注力和规则意识，体验了中华优秀传统文化的魅力和运动带来的乐趣。

K2: 幼儿积极参与武术活动，能够认真学习并完成基本武术动作，如出拳、踢腿和马步等。通过练习，增强幼儿的身体力量、平衡能力和动作协调性，提高了专注力和自信心，同时培养幼儿坚持不懈和勇敢坚强的品质。

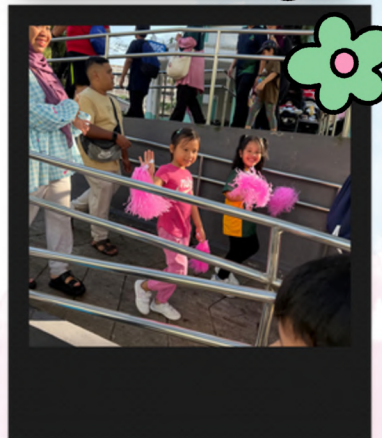

K1: 幼儿在学习太极活动中，能够跟随老师完成简单的太极动作，动作协调自然，态度认真专注。通过练习，幼儿增强了身体平衡能力和肢体协调能力，提高了专注力和自我控制能力，同时感受到了中国传统武术文化的魅力。

Hijrah Walk and Health Fiesta

Our school proudly participated in the Hijrah Walk and Health Fiesta organised by M3@Marsiling-Yew Tee. The event brought together families and youths for a meaningful day of health, wellness, and community bonding.

The programme began with a mass walk, followed by a lively dance performance by our K2 children. Participants also enjoyed a variety of health and recreational activities throughout the event.

It was a memorable and meaningful event, and we sincerely thank all parents for your support and participation.

GLOW

SSDB: WALKATHON

It was a fun-filled and meaningful day at the Start Small Dream Big (SSDB) Walkathon Carnival! We are proud to share that our school participated in this inspiring event at Gardens by the Bay, which brought together children, families, and educators to celebrate community spirit and giving.

The Walkathon Carnival gave our children the opportunity to learn the importance of kindness, empathy, and giving back to the community. Through a variety of engaging activities, participants enjoyed spending time together while supporting a meaningful cause.

It was a memorable day filled with fun, learning, and togetherness, and we thank everyone who helped make the event a success.

PARENTS' TESTIMONIALS

Mdm Nur Hidayah

My son, Muizudin, has been attending Kidz Meadow @ Yew Tee's Toddler Class for the past 7 months. He is an active and jovial child, and I am grateful to see him thrive in such a warm and nurturing environment. A special thank you to Teacher Angie, Teacher Yana, and Cikgu Nina for always being kind, energetic and approachable.

The teachers thoughtfully curate age-appropriate and engaging activities that spark the children's curiosity and creativity while making learning fun. I also greatly appreciate the weekly photo updates and feedback during pick-up, which help us stay connected to Muizudin's learning journey.

Through his experiences at school, Muizudin has grown into an even more confident explorer who enjoys expressing himself and trying new things.

Thank you Kidz Meadow @ Yew Tee for providing a safe space for my child to learn, grow, and bloom into a well-rounded individual.

Muizudin (Toddler)

Mdm Siti Nurwirdani

We have nothing but good things to say about Kidz Meadow @ Yew Tee. We are thankful that we have placed our daughter in a school full of caring and loving teachers and staff. We are able to see lots of improvements in her social and academic skills. Now, she enjoys going to school everyday!

In addition, the school organises parent-child activities that are very interactive and create stronger bonds within families. We are very grateful for that!

Nur Ayra Alyssa (Toddler)

OUR PHILOSOPHY, VISION & MISSION

Vision

A first class provider in Early Childhood Care & Education.

Mission

Provide a quality and innovative programme that nurtures children to be socially responsible citizens, active learners and thinkers.

Philosophy

We believe in providing an engaging and positive environment for the children to develop their potential to the fullest in all aspects of development.

OUR CORE VALUES

C- Community and Parental Involvement

We build a strong and trusting partnership with the parents and the community to enhance the development of the children.

A - Active Learners

We understand that children are natural and active learners. Through project work, thematic and integrated learning, they are given opportunities to explore, gather information and share knowledge.

R- Resourceful

We continuously upgrade our teaching and learning resources in line with the latest developments in the field of early childhood education to enhance children's learning experiences.

E- Excellence

We strive for excellence in everything that we do.
