Superkinder Camp

Our K1 and K2 children had a fun and memorable camp experience filled with adventure and excitement! They followed a trail to search for dragon clues, making the journey more exciting as they worked together to complete each challenge. The children also built their own 'Courage Fort' and took part in a variety of camping activities that allowed them to explore, try new things, and experience what it was like to be real campers. This experience was filled with laughter, teamwork, exploration and many exciting moments that the children will definitely remember fondly.

Racial Harmony

The children had a meaningful Racial Harmony celebration as they explored different cultures through traditional food, games, attire and music. They enjoyed learning about the unique traditions of different ethnic groups and gained a deeper appreciation for Singapore's diverse cultures.

It was a day filled with laughter, love and precious family moments! 💕 Our Family Day brought children, parents, and teachers together for a wonderful time of fun, bonding and creating beautiful memories. Thank you to all our families for making the day extra special!

NATIONAL DAY CELEBRATION

We had a heartfelt National Day celebration with the theme 'Little Heroes of Singapore'. Our children dressed up to reflect different occupations and participated in fun games and activities in collaboration with THK EIPIC. They learnt about different jobs, including those that may be less recognised but play an important role in supporting the community. The children had a wonderful time learning, playing, and celebrating the contributions of our everyday heroes.

Little Bloom Learning Journey @ Wildlings

Our Little Bloom children visited Wildlings Nature Play at West Coast Park where they engaged in meaningful nature-based activities. They planted their very own butterfly pea plants, and learnt about the importance of caring for and nurturing living things. During the nature tour, they had a closer look at various plants and herbs, observing their different colours, textures, and scents.

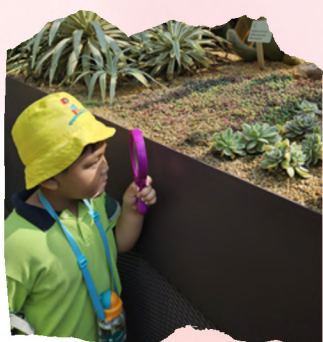

The children also enjoyed water play, where they explored water through sensory and imaginative activities. Through these experiences, they developed a deeper appreciation for the natural environment and the living things around them. The learning journey fostered their sense of wonder and curiosity while encouraging them to learn through exploration and discovery.

Bloom Learning Journey @ Gardens by the Bay

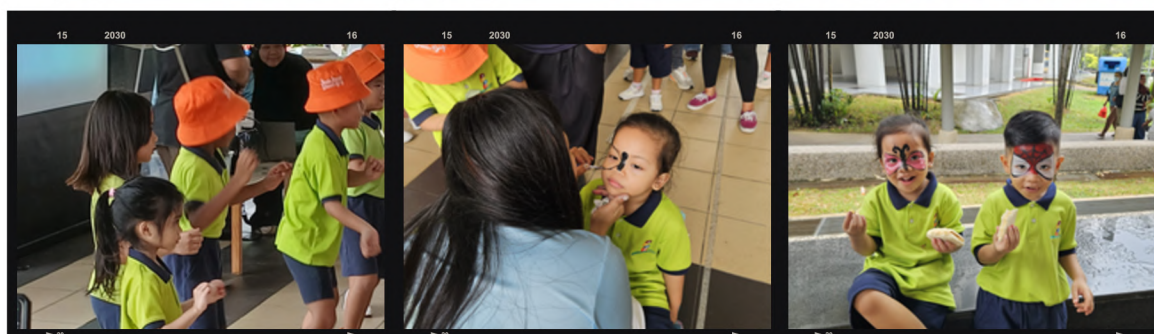

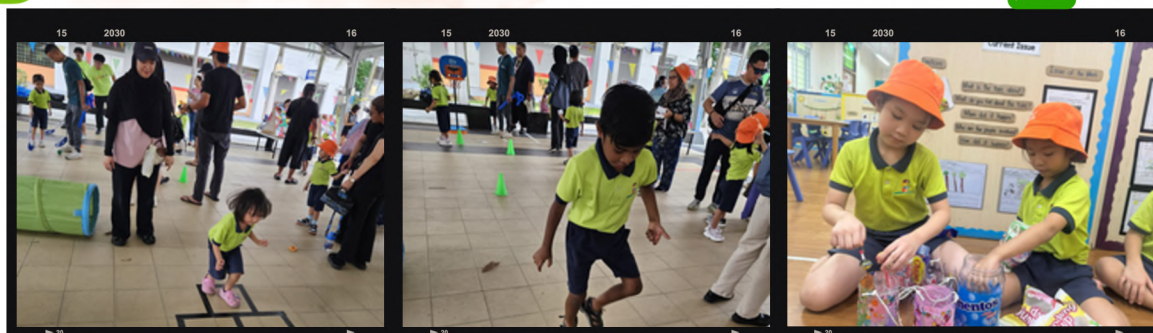

Our Bloom children, having learnt about flowers and their benefits, extended their learning through an educational visit to the Flower Dome and Cloud Forest at Gardens by the Bay. There, they had an opportunity to explore and get up close to a variety of plants and flowers. This experience nurtured their sense of wonder and curiosity while deepening their appreciation for nature.

SSDB CARNIVAL

at Kidz Meadow @ Jurong West

Our Start Small Dream Big (SSDB) 'Waste to Wonder' Sports Carnival was a great success! 🎉 With the help of our children, we created meaningful door gifts for the participants while supporting fundraising efforts for SASCO Senior Citizens' Home. The carnival was filled with fun, laughter and exciting activities, including games, art and dance. It was a meaningful event filled with many wonderful moments shared together, while also showing how simple ideas and teamwork can make a positive difference in our community. ❤️

Our children took a closer look at the fallen flowers around their neighbourhood and discovered the beauty of nature in their surroundings. They then collected and pressed the flowers to create unique flower bookmarks. Through this activity, the children nurtured their creativity while learning to appreciate and make use of natural materials.

Our children explored different types of flowers through hands-on exploration. They observed the flowers closely, identifying their colours, textures, shapes, and names. The children then used watercolours to paint and reflect what they had observed, experimenting with different colours.

It was an enriching time for our children as they observed the different flowers found in the neighbourhood, and learnt about their benefits and uses in everyday life. They extended their learning by creating a natural floral scrub using chrysanthemums, sugar, olive oil, and vanilla essence. Through this hands-on activity, the children developed an appreciation for flowers and discovered how natural materials can be used to create useful products.

Our children created their own sensory bottles by adding natural materials, water and food colouring into a bottle. They shook, turned and observed their bottles closely to wonder at the different natural materials moving around inside.

The children explored nature by collecting pinecones, twigs, and leaves while observing and listening to the sounds of their surroundings. Through this hands-on experience, they developed their curiosity, sense of wonder, and an appreciation for the natural world.

Disposition Day: Honesty Begins with Me!

K1

K2

Our children learnt about honesty through a variety of age-appropriate activities integrated with gross motor skills. They listened to the story 'The Boy Who Cried Wolf' and discussed the importance of telling the truth. Through the game 'Wolf and Sheep', the children practised following rules and being honest during play.

To deepen their understanding, the teacher presented simple situations, and the children ran to the correct area to identify whether the actions presented were honest or dishonest. These engaging activities were adapted according to the children's developmental levels, allowing them to understand honesty through movement, storytelling, and meaningful play.

Teachers' Day

We had a memorable Teachers' Day celebration filled with much appreciation and gratitude. We sincerely thank all parents for the thoughtful gifts and kind gestures. The teachers also enjoyed an elegant tea session which celebrated teamwork, dedication, and the meaningful impact of their role in our children's lives.
