

# FIND A NETWORK DENTIST OR SPECIALIST

**WITH COMPANION LIFE INSURANCE COMPANY, YOU HAVE THE FREEDOM OF CHOICE TO SEE ANY DENTIST YOU WANT!**

By choosing an in-network provider, you may be able to maximize your benefits. Dentists in our network offer a predetermined fee for services. Here's how to locate a network dentist in your area:

## STEP 1

Access [CompanionLife.com](https://CompanionLife.com); click on "Find a Dentist" at the top of the screen.

## STEP 2

Search for a dentist by location or name. If you'd like to search by a specific specialty, select the specialty from the drop down menu.

A screenshot of the 'Find a Dentist' search form. The form has two tabs: 'Location' and 'Name'. Under the 'Location' tab, there are input fields for 'Address', 'City', 'State', and 'ZIP'. Below these fields, there is a note: 'City and State OR ZIP required.' There is also a 'Show all dentists within:' dropdown menu with '10 mi' selected. At the bottom, there is a 'Specialty' dropdown menu with 'All Specialties' selected. A green arrow points from the 'Find a Dentist' link in the previous image to this form. A green arrow also points from the 'Find a Dentist' link in the previous image to the 'Find a Dentist' link in the top navigation bar of the website screenshot.

Companion Life, and our family of companies, contracts with the following dental network partners: SCPPO, United Concordia and DenteMax. It is important to check with your dentist to confirm their participation with one of our partners before receiving dental care.

Only dentists who participate with one of our network partners should appear in the search results, although it is possible that a provider may have left or joined the network since the most recent online network update. If the directory information appears to be inaccurate or you would like to request a printed copy of the provider directory or directories, please contact us by phone at 1-877-676-5789, by email at [CompanionService@CompanionLife.net](mailto:CompanionService@CompanionLife.net).
