MURRAY BRIDGE
day & night surgery

Location

Murray Bridge is located an easy commutable distance of 50 minutes south-east of Adelaide in the Murray River region of South Australia. It is the fourth highest populated city in South Australia with a population of over 20,000.

The rural city is located on the Murray River, with a climate that encourages outdoor activities. It provides the opportunity to relax, enjoy nature and leave behind the hustle and bustle of city life. With plenty of restaurants and hotels, there is no shortage of cuisine choices.

Murray Bridge plays host to many events including small music festivals, Fringe Shows and markets, there is always something to do. The community loves their sport - from football, netball and cricket, to soccer, tennis and swimming. There is no shortage of sporting clubs to join that are community orientated, welcoming and accommodating to the whole family.

Murray Bridge offers a variety of education options for students of all ages, from pre-school to high school, with the option of both private and public educations.

Murray Bridge is a welcoming community with no shortage of things to do and see. The town is also located an easy commute from other popular regions; The Barossa Valley, The Adelaide Hills and Fleurieu Peninsula.

PRACTICE PROFILE

Caring Committed & Friendly

Our promise is to provide patients, no matter their circumstance the best possible care and advice for their situation, to listen and understand / be empathetic to their needs and be supporting in their journey to health.

Murray Bridge Day Night Surgery Delivers diligent, affordable, and proactive healthcare to residents young and old who are located in metro and rural South Australia. Providing medical and allied health services through it's collaborative client centric, all inclusive approach to patient care because Murray Bridge Day Night Surgery understands that building healthy communities is more than creating patient trust and being empathetic.

It involves being a part of the solution, collaborating with patients and professionals; ensuring positive outcomes for all.

The Directors of the Murray Bridge Day Night Surgery endorse the Strategic path for continuous improvement within the healthcare industry. They are committed to governing the focus and demonstrating the quality assurance of the general practice. The expectation which comes from recruitment processes is to ensure that aims for the future planning of the practice are steadfast in the approach and positively move with the changing environment and standards of care.

The surgery is striving to achieve clear strategies and goals for our patients, doctors, staff and visitors to understand the direction, values and ethos of our business. Ensuring that any future recruitment of staff and contractors are empowered with strong leadership and goals to work towards. Future planning will position the business in the market as a pre-eminent provider of quality healthcare with our professional peers. This ensures the longevity and ultimately maintain quality services and progressive care. The business planning which provided the foundations for the commencement of our surgery in 2015 has enabled the surgery to move forward progressively attracting the highest quality doctors and be an employer of choice for all supporting staff.

The Surgery is an expanding and progressive GP owned and operated Practice providing high quality community-based healthcare services to the community of Murray Bridge and the surrounding regional areas.

The Practice, which opened in November 2015, has already expanded to accommodate community need and is currently supporting ten full time General Practitioners. Our practice is fully accredited with AGPAL.

The staff are committed to providing exceptional and informative customer service to patients, carers and health care peers.

Our General Practitioners are well supported by a Practice Manager, Registered Nurses, Chronic Disease Management, Reception, pathology and allied health services.

He is married and has two children.

Dr Yong enjoys gardening, travelling and cooking.

OUR VALUES

OUR TEAM

Wendy Ziersch

Practice Manager

Wendy commenced her career in the healthcare industry as a nurse within small rural hospitals throughout South Australia and from this experience gained a strong and inherent passion to help others and be deeply empathetic to people. Now, she endeavors to embed these personal qualities to deliver quality support and services that are culturally inclusive and safe for all in the Coorong and Mallee region. Having been raised in the area, growing a family and having worked the land she understands rural people and their unique needs. This is all underpinned with passion, reliability, theoretical understanding of concepts gained through tertiary studies and employment in the local government and healthcare industries.

The Murray Bridge Day Night Surgery values are reflected in our strategic objective to be a leading healthcare provider by integrating a patient centric approach to our healthcare provision. Communicating our values and meeting our deliverables are a meaningful and genuine approach for our staff and patients.

The surgery functions as a professional business model to achieve our vision, goals and targets by following the core values that are important to us. The following are the core values;

- Accountability
- Compassion
- Culturally Inclusive
- Service Excellence
- Teamwork

The Murray Bridge Day Night Surgery employs a collaborative group of health professionals, who work together to achieve quality service. The Management team support the staff and encourage them to work together to achieve optimum outcomes by encouraging effective communication and respecting the diverse opinions and knowledge of our peers. We are committed to nurturing an environment of positive growth and a framework of work satisfaction which will overflow to the customer attending our service. Provision of a safe and healthy workforce is the ultimate goal and celebrating the success of a team is vitally important.

We Embrace Equity to all #embraceequity
