

Delivery Driver / Art & Furniture Handler (CDL Class B Preferred)

Company: AirSea Packing

Position: Delivery Driver & White-Glove Handler

Pay Rate: \$23.00 / hour

Job Type: Full-Time

About AirSea Packing

AirSea Packing is a premier global white-glove logistics and transport company specializing in the careful handling, storage, and delivery of fine art, high-end interior design furniture, antiques, and luxury goods. For over five decades, our reputation has been built on three core principles: **care, handling, and expertise**. We are looking for dedicated professionals to join our team and uphold these exceptional standards.

Position Overview

We are seeking a reliable, detail-oriented **Delivery Driver / Handler** to operate our local and regional transport vehicles. In this role, you will be responsible for safely transporting, loading, unloading, and installing high-value items for interior designers, art galleries, private residences, and luxury brand clients.

While a **CDL Class B license is strongly preferred**, candidates with a non-CDL background who possess strong box truck driving experience and an exceptional eye for detail will also be considered.

Key Responsibilities

- **Transport & Driving:** Safely operate company vehicles (including box trucks) for local collections, white-glove deliveries, and regional routes.
- **White-Glove Handling:** Carefully load, secure, unload, and unpack delicate, high-value furniture, fine art, antiques, and decor.
- **On-Site Assembly & Installation:** Assist with basic furniture assembly, placement, and white-glove installation inside client homes, showrooms, and design spaces.
- **Packing & Protection:** Utilize specialized packing materials and techniques to ensure items are safe from damage during transit.
- **Client Interaction:** Deliver professional, courteous, and high-touch customer service when representing AirSea Packing in front of clients and designers.
- **Vehicle Maintenance & Logs:** Perform pre- and post-trip vehicle inspections, maintain accurate electronic or paper logs, and ensure trucks remain clean and well-stocked.

Qualifications & Requirements

- **Licensing:** Valid CDL Class B driver's license **preferred** (valid standard driver's license with a clean driving record and box truck experience required).
- **Experience:** Minimum 1–2 years of experience in commercial driving, moving, freight, or logistics (white-glove, fine art, or high-end furniture moving experience is a huge plus).
- **Physical Capability:** Ability to lift, push, pull, and maneuver heavy items (up to 75+ lbs) regularly with assistance and proper equipment.
- **Background Check:** Ability to pass a background check, standard drug screening, and DOT medical exam (if applicable).
- **Professionalism:** Excellent communication skills, punctual mindset, and a neat, professional appearance suitable for luxury client environments.
