Experienced Diesel & Gas Mechanic (ASE Certified)

Company: Wicked Wrench

Location: Fruita, CO

Job Type: Full-time

Pay: $25.00 – $30.00 per hour (DOE – Depending on Experience)

About Us

At **Wicked Wrench**, we take pride in delivering honest, top-tier light-duty auto and diesel repair to the Grand Valley community. From routine fleet maintenance to complex engine diagnostics, our shop is dedicated to keeping our customers safely on the road. We are looking for an experienced, reliable **Diesel and Gas Mechanic** to join our team in Fruita.

Key Responsibilities

- **Diagnostics & Repair:** Perform accurate mechanical and electronic diagnostics on a wide variety of light-to-medium-duty gas and diesel engines, transmissions, suspensions, brakes, and electrical systems.
- **Maintenance:** Execute routine preventative maintenance, oil changes, system flushes, and safety inspections on gas and diesel vehicles.
- **Troubleshooting:** Utilize modern diagnostic equipment and hand tools to identify mechanical malfunctions and recommend necessary repairs.
- **Documentation:** Keep detailed and accurate records of services performed, parts used, and work orders using shop management software.
- **Quality Control:** Conduct test drives post-repair to ensure quality standards and customer safety.
- **Shop Upkeep:** Maintain a clean, organized, and safe workspace while following proper OSHA and environmental safety standards.

Requirements & Qualifications

- **Experience:** Minimum 3+ years of professional hands-on experience working with both gasoline engines and light-duty diesel systems (Cummins, Powerstroke, Duramax, etc.).
- **Certification:** Active **ASE Certification** (A-series or T-series preferred).
- **Tools:** Must own a comprehensive set of personal tools suitable for gas and diesel repairs.
- **Driver's License:** Valid Driver's License with a clean driving record
- **Technical Aptitude:** Strong understanding of automotive electrical systems, hydraulics, powertrain, and engine diagnostics.

- **Work Ethic:** Punctual, detail-oriented, self-motivated, and able to work independently as well as part of a shop team.

Schedule & Benefits

- **Schedule:** Full-time (Monday – Friday)
- **Pay Range:** $25.00 – $30.00 / hour (Starting pay tailored to certification level, tool set, and hands-on experience)
