

LANDMARK STAFFING

Job description:

Position: Solid Surface Countertop Fabricator & Installer

Location: Grand Junction, CO

Type: Full-Time

Wage: \$18.00 – \$25.00 per hour, D.O.E.

Join a reputable and growing company specializing in the fabrication and installation of high-quality solid surface countertops. We're looking for a skilled and motivated individual who takes pride in their craftsmanship and enjoys seeing projects through from start to finish — from the shop to the customer's home or business.

Benefits:

- Paid time off
- Simple IRA
- Supplemental insurance options
- Opportunities for skill enhancement and career growth within a thriving industry
(Benefits available after completion of probationary period)

Responsibilities:

Fabrication Duties:

- Fabricate solid surface countertops according to design specifications and shop drawings.
- Operate machinery and tools such as saws, routers, sanders, and polishers to cut, shape, and finish materials.
- Ensure precision in measurements, cuts, seams, and finishing for seamless installations.
- Inspect completed pieces for quality, accuracy, and finish prior to installation.
- Maintain tools and equipment in proper working order, following all safety protocols.
- Keep the fabrication area organized, clean, and safe.

Installation Duties:

- Safely transport finished countertops to job sites using company vehicles.

LANDMARK STAFFING

- Install countertops at residential and commercial locations, ensuring proper fit and finish.
- Scribe, trim, and adjust pieces on-site for a perfect installation.
- Apply adhesives, caulk, and sealants to achieve durable, professional results.
- Work closely with customers and contractors to ensure satisfaction and address any site-specific concerns.
- Follow all safety procedures while working with power tools, lifting materials, and working in varied environments.
- Maintain a professional appearance and demeanor while representing the company on job sites.

Qualifications:

- Proven experience as a solid surface fabricator and/or countertop installer.
- Proficiency with fabrication tools, installation equipment, and measuring instruments.
- Strong attention to detail and commitment to quality craftsmanship.
- Ability to read and interpret blueprints, drawings, and design specifications.
- Excellent problem-solving and communication skills.
- Physically capable of lifting and moving up to 75 lbs and performing hands-on tasks for extended periods.
- Valid driver's license and clean driving record required.
- Knowledge of safety standards and willingness to adhere to all company policies and procedures.
