Job Description

Position: Roofing Supervisor

Location: Grand Junction, CO

Type: Full Time

Wage: $30.00 - $35.00/hour with Overtime (Avg. 50 hours per week)

We are seeking a highly skilled and motivated Roofing Supervisor to join our team. In this role, you will oversee roofing projects from start to finish, ensuring that work is completed safely, efficiently, and to the highest standards. You will manage a team of roofers, coordinate with project managers, and ensure compliance with safety regulations, timelines, and quality control.

Job Responsibilities

- Supervise and manage roofing crews on various residential and commercial projects. Potential to be managing up to 3 crews at a time.
- Ensure all roofing projects are completed according to specifications, safety standards, and within budget and deadlines.
- Conduct daily site inspections to monitor quality, safety, and compliance with work plans.
- Organize and delegate work to roofing crews, providing clear instructions and guidance as necessary.
- Train and mentor crew members on proper roofing techniques, safety protocols, and equipment use.
- Monitor and maintain inventory of roofing materials, tools, and equipment. Responsible for logistics such as ordering supplies, estimates, and organizing personnel.
- Perform safety audits and enforce OSHA regulations to ensure a safe work environment.
- Resolve any issues or conflicts on the job site, including addressing client concerns or project challenges.
- Maintain open communication with project managers, clients, and other stakeholders.
- Ensure proper documentation of work progress, safety inspections, and any incidents or accidents.
- Assist with estimating, project planning, and scheduling, as needed.
- Review and ensure proper installation of roofing systems, including materials, membranes, flashing, and ventilation systems.

Job Requirements

- Must have 3 years of roofing/construction experience preferably with flat roof experience. **Metal roofing and siding experience is a plus.**
- Must have a minimum of 2 years of experience in a leadership position.
- Must be able to read and interpret blueprints, specifications, and project plans.
- OSHA 10 or 30 certification preferred.
- Excellent communication skills and problem-solving abilities.
- Must have strong customer service skills.

- Must have a valid driver's license and clean driving record.
- Background Check is required for this position.

Benefits After Probationary Period

- PTO available - 1 week after first year and 2 weeks the 2nd year.
- Supplemental Insurance
- Company Vehicle
