

Job Title: Rough-In Installer Assistant

Location: Grand Junction, CO

Company: Monarch HVAC

Job Type: Full-Time

Pay: \$18.00/hour

Job Summary:

Monarch HVAC is seeking a reliable and motivated Rough-In Installer Assistant to join our team in Grand Junction, CO. This is an excellent opportunity to begin a career in the HVAC industry. You'll support experienced installers on residential and commercial job sites, helping with the setup and installation of ductwork and HVAC components during the rough-in phase of construction.

Key Responsibilities:

- Assist HVAC installers with ductwork and system installations
- Load, unload, and organize tools and materials
- Measure and cut duct materials under supervision
- Maintain clean and safe job sites
- Use basic hand and power tools safely
- Follow instructions and adhere to safety guidelines
- Drive company vehicle as needed (valid driver's license required)

Requirements:

- No prior HVAC experience required – training provided
- Valid driver's license and reliable transportation required
- Ability to lift 50+ lbs, climb ladders, and work in tight spaces
- Willingness to learn and take direction
- Dependable, punctual, and team-oriented

Benefits:

- \$18.00/hour starting pay
- On-the-job training and room for growth
- Health benefits available after probationary period
- Paid time off and holidays
- Consistent, year-round work
