

Job Title: Well & Pump Technician (Entry-Level)

Company: Artesian Services Inc.

Location: Grand Junction, CO

Pay: Starting at \$20.00/hour

About Us Artesian Services is a locally owned company based in Grand Junction, CO. We specialize in drilling water wells and installing and maintaining pump systems. Our team is dedicated to providing dependable water solutions with quality workmanship and outstanding service.

Position Overview We are looking for a reliable, motivated individual to join our crew as an Entry-Level Well & Pump Technician. No prior experience in water wells or pumps is required — we provide on-the-job training. If you have a background in construction or enjoy hands-on work, this is a great opportunity to build a career in a specialized trade.

What You'll Do

- Help install and maintain pump stations and related equipment.
- Assist with water well drilling projects.
- Use basic hand tools and power tools.
- Perform general construction tasks such as digging, lifting, carrying, and site cleanup.
- Work outdoors in a variety of weather conditions.
- Follow safety guidelines and learn new skills from experienced team members.

What We're Looking For

- Previous plumbing or electrical experience is helpful but not required.
- Previous construction or outdoor labor experience is helpful but not required.
- Strong work ethic and willingness to learn.
- Possess strong pride in craftsmanship, specifically in quality and attention to details.
- Ability to perform physical labor, including lifting 50+ lbs.
- Dependable and punctual with a positive attitude.
- Valid driver's license preferred.

What We Offer

- Starting pay: \$20.00/hour.
- Pay is commensurate with experience and demonstrated abilities after 90-day performance review.
- Full-time, steady work year-round. 45-50hrs per week
- On-the-job training with room to grow into a skilled trade.
- Be part of a supportive, hardworking team.
