

Stranger Safety

A stranger is anyone I don't know!

A stranger can be a woman

A stranger can be a man

A stranger can be other young people I don't know

Is a stranger nice?
I don't know!

A stranger might act nice ...

... but he or she might be mean to me.

He or she might try to hurt me.

Strangers can be dangerous.

I don't talk to strangers about personal stuff

I don't talk on the computer with strangers

I don't take lollies or other gifts from
strangers

I don't get in a car with strangers

I don't go anywhere with strangers

I need to stay close to my family or support staff when we go out

It's okay to listen to the funny feeling in my
tummy and say
"Go Away Please".

It's okay to yell for HELP if someone bothers
me!

It's okay to run away from a stranger that scares or hurts me.

I can tell my family about the stranger.

I can tell my Support Staff about the stranger

I can tell the police about the stranger

I can tell a doctor if a stranger hurts me

People who I know will tell me if its's okay to
talk to a stranger

My family and support workers help keep me
safe.
