

CAPABILITY STATEMENT

TOP END RACE

Refrigeration | Air Conditioning | Electrical

WELCOME TO OUR COMPANY

Top End Refrigeration, Air Conditioning and Electrical (**RACE**) was founded in May 2005 when there was an opportunity identified in the market for reliable, efficient and professional air-conditioning and electrical services. RACE was the product of a vision to deliver outstanding electrical and mechanical (HVAC) services to the Northern Territory.

ABOUT OUR COMPANY

Top End RACE was established in May 2005 by local Territorians with extensive knowledge and experience in Electrical and Mechanical Services. With a profound understanding of the local Northern Territory business environment, a strong foundation was created and became the key to the success that RACE is today.

From a small workshop in Berrimah in 2005, with a team of 10, over the past 20 years, RACE has grown from strength to strength and currently employs over 50 staff, with head office now based in Holtze.

RACE Group is a proud Territorian business, committed to creating local employment and developing local capability. This commitment is demonstrated by the group's support of trade qualifications of over 60 Territorians to date. Committed to serving and supporting the Northern Territory community that has sustained and supported us for the past 20 years.

MATT KELLY
DIRECTOR

OUR MISSION

We strive to deliver to our customers the most efficient and timely service in our specialized fields whilst maintaining value, integrity and safety.

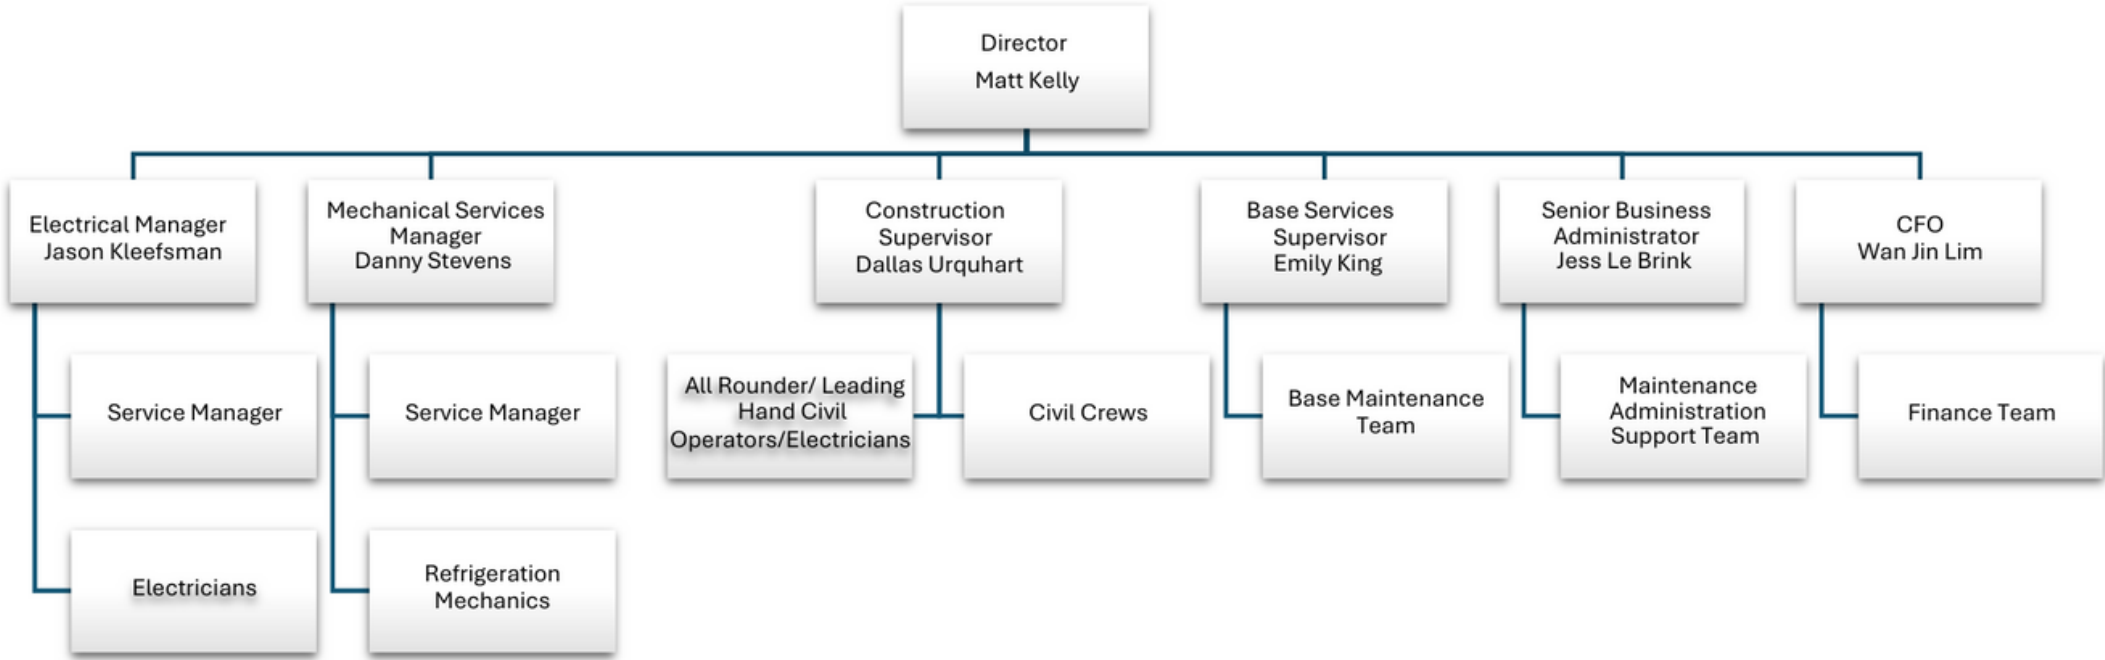

OUR VISION

QUALITY | KNOWLEDGE | PERFORMANCE

To be the Northern Territory's most customer-centric company, delivering superior quality service through utilization of polished trade skills and contemporary technology.

ABOUT OUR TEAM

Our Team of staff have a wealth of knowledge and experience in the Electrical and Mechanical sectors and understand the vast requirements that it takes to complete works in the Northern Territory. As well as our management & trade related groups of staff, we have dedicated administration and financial teams to ensure our clients receive high priority service in all avenues.

ABOUT OUR SYSTEMS

VERIZON Reveal – Data Management & **SimPro** our Solutions for productivity and utilization.

- **Fleet tracking and management** – Real time activity and current status of all vehicles, workers and mobile equipment no matter where they are.
- **Field service and scheduling** – Up to the minute job progress, rapid dispatch, integrated mobile forms and work order scheduling.
- **Better awareness** – Knowing our fixed and variable costs, along with available resources and job requirements, we schedule and assign jobs to the correct field staff at the correct time.
- **Fast reporting** – Paper forms turned into electronic documents that can be completed on the go. Automated reporting can save time and give you quicker access to data.
- **Integration** – Able to merge data from different systems into one program for quick distribution of work orders.
- **Work optimization** – Planning resources for scheduling of works and optimizing route costs.

ABOUT OUR COMMITMENTS TO INDIGENOUS EMPLOYMENT AND TRAINING

Top End RACE is committed to providing employment to local and Indigenous candidates. We engage with a number of Territorian businesses to ensure suitable applicants are recruited for all positions available. We currently have a workforce that consists of over 10% Indigenous employees and we are continuing to strive to offer further opportunities to the Indigenous workforce. We currently partner with locally owned Indigenous businesses wherever possible. We are committed to providing on the job training to our Apprentices and strive to ensure they have sufficient resources to complete their qualifications whilst being supported every step of the way. We currently employ 14 apprentices completing Certificate 3 qualifications. From 2020 till present our staff have completed over 6000 hours of training.
