A Visa Solution

What is a payment gateway?

A payment gateway lets your business accept payments made via your eCommerce website or mobile app, or at instore or mobile POS terminals.

The payment gateway processes the payment transactions and enables the money to move from your customers' accounts into your merchant bank account.

Payment methods you can accept include credit and debit cards, eChecks, and digital wallets.

Services/ Features:

-  Digital Invoicing
-  Recurring payments
-  Account Updater
-  Payment Types
-  Simple Checkouts
-  Advanced Fraud Detection Suite (AFDS)
-  Customer Information Manager (CIM)

Accept Remote Payments Seamlessly – No Physical Card Needed!

Secure payment acceptance:

-  Accept payments online
-  Accept payments from a smartphone tap
-  Accept payments in person on a card reader
-  Accept payments over the phone
-  Accept eCheck
-  Accept payment with Simple Checkout

Offer payment types your customers prefer:
