

Bootstrap Compost

Now Hiring: Compost Waste Management Driver

Hours: part-time (8-24 hours/week) Rate: \$20/hour

Description

We seek a dedicated and reliable compost waste management driver to join our team. In this vital role, you will operate waste collection vehicles to ensure the safe and efficient collection of compost materials from residential and commercial properties.

Your responsibilities will include navigating assigned routes, adhering to safety protocols, and providing exceptional customer service while engaging with residents and business owners. You must be physically fit, as the job involves lifting, moving, and handling heavy materials. Our ideal candidate will exhibit strong communication skills, a commitment to safety, and the ability to work independently.

This role is perfect for those who are environmental advocates and are looking to make a difference in their community. We value our drivers and provide comprehensive training and opportunities for advancement within the company. If you want a fulfilling career combining driving and community engagement, we encourage you to apply for the Compost Waste Management Driver position.

Responsibilities

- Operate waste collection vehicles on assigned routes efficiently and safely.
- Perform daily vehicle inspections to ensure safety and compliance with regulations.
- Collect waste materials from residential and commercial properties.
- Dispose of waste to local farms.
- Engage with customers and address any concerns or inquiries professionally.
- Sort and identify recyclable materials during collection processes.
- Maintain accurate records of daily collections and report any issues to Operations.
- Adhere to all traffic laws and company policies to promote safe driving practices.

Requirements

- Valid US driver's license (5 years) with a clean driving record.
- Ability to use routing software.
- Previous experience in waste management or driving heavy vehicles is preferred.
- Strong understanding of safety regulations and practices in vehicle operation.
- Ability to lift and carry heavy loads, up to 50 pounds.
- Excellent communication skills to interact with customers and team members.
- Willingness to work flexible hours, including early mornings and weekends.
- English speaking — Spanish is a plus
- Availability to start ASAP
