The Countryside Code and your dog

The countryside is a great place to exercise dogs, but it's every owner's duty to make sure their dog is not a danger or nuisance to farm animals, wildlife or other people.

- 🐾 By law, you must control your dog so that it does not disturb or scare farm animals or wildlife. You must keep your dog on a short lead on most areas of open country and common land between 1 March and 31 July, and always near farm animals.
- 🐾 You do not have to put your dog on a lead on public paths if it is under close control. But as a rule, keep your dog on a lead if you cannot rely on its obedience. By law, farmers are entitled to destroy a dog that injures or worries their animals.
- 🐾 If a farm animal chases you and your dog, it is safer to let your dog on the lead – don't risk getting hurt by trying to protect it.
- 🐾 Take particular care that your dog doesn't scare sheep and lambs or wander where it might disturb birds that nest on the ground and other wildlife – eggs and young will soon die without protection from their parents.
- 🐾 Everyone knows how unpleasant dog mess is and it can cause infections – so always clean up after your dog and get rid of the mess responsibly. Also make sure your dog is wormed regularly to protect it, other animals and people.
- 🐾 At certain times dogs may not be allowed on some areas of open land or may need to be kept on a lead.

Please follow any signs.

- 🐾 Please refrain from extendable leads around the park.
- 🐾 Please keep dogs tethered, within the boundaries of your own pitch.
- 🐾 If your dog is likely to bark, whine or get distressed while you're in reception, the shop, or the shower block, please do not leave your dog unattended outside.
- 🐾 Prolonged or frequent periods of barking / woofing / whining is likely to impact on the relaxation and enjoyment of other guests so please do try to be aware of this and take the necessary actions to ensure a pleasant experience for all.
- 🐾 We do understand that it's not always possible to predict how your dog will take to a new environment, especially if it's your pet first holiday however it's your responsibility to ensure other guests are not being disturbed.
- 🐾 Please only leave dogs unattended on your pitch or in your unit if you are certain they will not become distressed or cause any problems for other guests. **(In extreme heat we ask dogs not to be left in vehicles/tents alone at any time).**
- 🐾 Dogs are **Not** to be walked or exercise on the park any time, there are many areas nearby where dogs can be walked.
- 🐾 We ask all dog owners do a visual check of their pitch before leaving to ensure the next guests doesn't get any unwanted surprise.
- 🐾 We reserve the right to refuse or ask customers to leave should their dogs behaviour cause a nuisance or upset to any other guests, this includes showering aggressive behaviour or if owners are not abiding by the site regulations.
- 🐾 Dog parking is provided outside all buildings.
- 🐾 We ask can all dog owners please be mindful where dogs are urinating as this is causing several of our plants/shrubs to die.
