**THE 3 MOST COMMON  
COMPUTER FAILURES  
CAN EASILY  
BE PREVENTED.**

*It's no secret that Florida is the lightning capital of the world, so prevent failure #1 with a proper UPS from Mr. Data to protect your investment.*

*Failure #2 is due to dirt, dust, animal hair, and moisture in the air. A simple cleaning by Mr. Data can prevent a system-wide crash, component burn-out, serious data loss, and hundreds of dollars in repairs.*

*Avoid Failure #3, Overheating, by adding additional cooling capacity inside or outside of the case.*

*Professional Solutions With  
Peace of Mind Guaranteed.*
