Our Holiday Camps

KSA Camps are planned for every school holiday, for your children to enjoy in the knowledge that they are in the best possible care. KSA Holiday Camps want you and your child to experience the BEST holiday camp around!

All children enjoy doing different things, we have various activities on offer so that your child can choose from which are tailored on the groups age, interests and size.

We pre-plan every activity, we encourage your child to choose their activities throughout the day. There is always more than one activity taking place to ensure everyone is enjoying their version of a perfect day.

We structure our days and always have something planned for your child, its their holiday, they let us know what they want!

Activities rotate around each of our venues and you can view when they are next at your club by contacting your venue coordinator. We cater for all children meaning we have a varied programme of sports and non-sporty activities, if your child would prefer to read in the quiet room, draw a picture, or create something magical, we have it covered.
