

Oasis Dental Team Careers - Dental Hygienist

Join the Oasis Dental Team

At Oasis Dental Team, we believe exceptional dentistry begins with an exceptional team. Located in Bala Cynwyd and serving the Main Line and surrounding Montgomery County communities, we provide compassionate, comfort-focused, comprehensive care in a welcoming environment where patients feel heard, informed, and genuinely cared for.

We are always interested in connecting with upbeat, dependable, growth-minded professionals who take pride in their work and want to make a meaningful difference for patients every day. Whether you are an experienced dental professional or looking for a practice where you can continue building your skills, Oasis Dental Team offers a supportive place to grow.

Our Culture

Our culture is rooted in teamwork, professionalism, accountability, and respect. Every team member plays an important role in creating a comfortable experience for patients—from the first phone call to treatment completion and follow-up care.

We work together to deliver excellent clinical care while maintaining a fun, positive workplace. Team bonding, regular meetings, open communication, and ongoing training help us build strong working relationships, stay aligned on patient care, and create an environment where people can succeed.

Growth and Technology

Oasis Dental Team is committed to continued learning and modern dentistry. Our team uses advanced technology to support accurate diagnoses, efficient workflows, patient education, and personalized treatment planning.

We value employees who are proactive, adaptable, and eager to learn new techniques and technology. Team members are encouraged to grow their clinical knowledge, improve communication skills, and contribute ideas that help the practice deliver stronger patient outcomes.

Opportunities for Hygienists

Dental hygienists at Oasis Dental Team are trusted clinical educators and essential partners in helping patients protect their oral health. The ideal hygienist is compassionate, confident, detail-oriented, and comfortable discussing preventive care, periodontal health, treatment recommendations, and next steps with patients.

Responsibilities may include:

- Providing preventive hygiene care, periodontal maintenance, and scaling and root planing

- Administering local anesthesia, when licensed and qualified
- Taking intraoral photographs and supporting comprehensive patient documentation
- Preparing, cleaning, and maintaining operatories according to practice protocols
- Educating patients about oral hygiene, periodontal health, and recommended treatment
- Collaborating with doctors and the clinical team to support complete, patient-centered care
- Learning and applying new dental technology and hygiene techniques as the practice continues to grow

Benefits and Compensation

Oasis Dental Team offers competitive, experience-based compensation and benefits designed to support long-term team members. Compensation is negotiable based on experience, qualifications, and the value brought to the practice, with bonus opportunities available for eligible roles.

Benefits may include:

- Competitive wages
- Performance-based bonus opportunities
- Health insurance
- Dental insurance
- 401(k)
- Paid time off
- Ongoing professional development and hands-on learning opportunities
