## **GENERAL PRICE LIST**

*It's never easy, but saying goodbye is an important, natural and healthy part of the grieving process. Our caring staff can help you decide the most appropriate way of honoring your loved one, from a more traditional public ceremony joined by family and friends to a private, meaningful time spent with just your immediate family. Regardless of how you choose to say goodbye, our professional staff is always ready to serve.*

### ***Our Payment Policy***

*Payment for goods and services is expected prior to the services rendered, unless other arrangements have been made prior to need. For your convenience, we accept cash, check, credit card (Visa, MasterCard or American Express), a verifiable irrevocable insurance assignment, or financing through a financial institution.*

### ***Goods and Services***

*The goods and services shown on the General Price List are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing in the statement we provide describing the funeral goods and services you selected.*

### ***Complete Packages***

*For your convenience, we offer complete burial and cremation packages. These packages itemize our required services, selections, options, and pricing. Package pricing is equal to or less than individual items listed in our General Price List.*

### ***Pre-Planning Assistance***

*We provide free assistance with pre-planning your funeral home arrangements. You may fund these arrangements and lock in today's prices for our services and some merchandise and relieve your loved ones from these difficult decisions. You may also simply place your wishes on file and the costs can be paid at the time of need by family. If your wishes are to be cremated, we suggest signing your own cremation authorization to be placed on file.*

**Basic professional services of funeral director and Staff** **\$ 2,895**

This is the basic charge to each family which we serve for our professional expertise in assisting them. It includes, but is not limited to, a proportionate share of other taxes, licenses, utilities and business expenses necessary to serve the public in a professional manner. Included in this charge is the consultation with the family, clerical and administrative services, preparation and filing of necessary permits, consultation with the clergy, cemetery, crematory or common carrier, planning the funeral, and placement of obituary notices on our website. There will be an additional charge for the direction and supervision of each service requested or required. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select.

*(This fee is already included in our charges for direct cremations, immediate burials and forwarding or receiving remains)*

**Embalming** **\$ 695**

Embalming is a chemical process which provides temporary preservation of the body and eliminates certain health hazards. A person licensed by this state must complete this procedure. Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with extended viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

**Care and Custody of Remains** **\$ 695**

This service is the legal rights and responsibilities for the body of a deceased person, including refrigeration up to the 13th day.

**Limited Preparation of Un-Embalmed Remains** **\$ 295**
