Thank you for bringing your child in for a well visit today. Coeur d'Alene Pediatrics recommends yearly well visits (also known as preventive exams or physicals) per the American Academy of Pediatrics guidelines. We are providing this document to help you understand the difference between what is covered within a well visit versus a problem-oriented visit.

Screening-During well visits we follow nationally recognized screenings appropriate to age as recommended by Bright Futures. We also seek to uncover any conditions that may lead to suboptimal health in the years to come. ***In our experience, some insurance plans cover these screenings and some do not. Because there are so many different insurance companies and plans, we do not know in advance what will and will not be covered.*** It is your responsibility to understand what screening services are covered by your insurance plan.

Well Visit	Screening(s) Performed	CPT Code Billed
2 month well visit	Edinburgh (Parent Health Questionnaire)	96161
4 month well visit	Edinburgh (Parent Health Questionnaire)	96161

13 year & older well visits	Snellen Vision Screen & PHQ9 (Patient Health Questionnaire)	99173 & 96127
	Cholesterol & Audiogram	82465/36416 & 92552

Insurance Coverage for Well Visits versus Problem-Well Visits-Well visits may uncover or revisit problem-oriented issues that require evaluation or management (examples are: ear infections, constipation, rashes, ADHD, wart treatments). It is our preference to address such problem-oriented issues at a different office visit. This is so that we can have adequate time to address the concerns. However, there are times that the problem-oriented issues require more immediate attention (like an ear infection). In compliance with insurance company billing policies, charges for both categories will be assigned. While preventive services may not require a co-pay/deductible, problem-oriented services may result in a co-pay/co-insurance/deductible.

If you need further explanation about incurring additional fees for services provided during your visit today, please ask to speak with a member of our billing office.
