Apex Technology Group Awarded Rhode Island MPA-308 Contract

CRANSTON, RI – Apex Technology Group is pleased to announce its selection as an approved vendor under the State of Rhode Island's Master Price Agreement (MPA-308) for Information Technology Services, including Network, Telecommunications, Cloud, and Security Solutions. This recognition represents a significant advancement in Apex's mission to deliver dependable and modern IT solutions throughout Rhode Island's public sector.

Through the MPA-308 contract, Apex is qualified to support Rhode Island state agencies and public entities with a broad portfolio of services, including:

- Voice and VoIP systems
- IP data and networking solutions
- Conferencing and collaboration tools
- Managed hosting and colocation
- Cloud and security services
- Network management and infrastructure support

"We're pleased to be awarded the MPA-308 contract," said Michael O'Connell, President of Apex Technology Group. "This opportunity reflects our commitment to delivering secure, reliable, and cost-effective technology solutions that help public sector agencies enhance efficiency and better serve their communities."

The MPA-308 agreement streamlines procurement for state agencies by providing pre-approved access to vetted technology providers. With the contract valid from January 1, 2023, through December 31, 2026, organizations can more easily acquire dependable services that enhance operational efficiency and strengthen their security posture.
