President's Message

David Zurfluh
PVA Past President

Members,

The end of summer is around the corner and soon houses and neighborhoods will start to quiet as kids head back to school, but until then I want to congratulate the athletes on their ventures at the NVWGs in Minneapolis!

Over the last few months, the oversight committee worked on getting the chapter finances sorted out and in a predictable monthly basis, kudos and thank you to committee members, staff and chapter members who helped with the process.

The committee members met and corresponded with the SCI Unit RT over the last few months and she has/is created/creating a lot of recreational opportunities for members with more to come, stay tuned.

Through Anne Robinson's leadership and dedication, the oversight committee is coming around to getting the chapter governing documents and policy and procedure manuals updated, hopefully by September/October timeframe.

Lastly, we are looking for volunteers to help with and serve on chapter committees each month going forward, we need all the members help in this effort, if you have time and a desire to serve, please let us know by contacting Veronica or Gabriela at the chapter. The first focused committee will be the Finance with more to follow, please stay tuned via the newsletter, membership meetings and website.

Below is a list of items the committee has completed and items/areas on which we are focusing on.

Completed:

Membership Meeting Dates for rest of calendar year

Oversight Committee Meeting Dates for rest of calendar year

Focusing on:

Golf Tournament in October

August Membership meeting on the 21st

Chapter Governing Documents and SOPs

Inpatient Outings and Activities

Chess Tournaments

Chapter Finance and other committees

In memory of Francisco Abreu

In memory of Francisco Abreu, Known by family and close friends as "Chipo"

Francisco was born in Dominican Republic March 9th, 1953, he immigrated to the United States, drafted in the United States military in the Army branch and served from 1973-1975. After his service he would then get into an accident that would leave him paraplegic in 1988. In 2004 he became a member of the PVA Florida Chapter where he would serve his other fellow veterans in different ways. He served as a director and Sports director in the PVA Florida Chapter's board of directors.

He gave much of his time to the organization, by participating in many events including but not limited to; Sports, volunteering at the Miami VA for luncheons, and also events other events that we still do to this day. Francisco was always a big family man and he showed that in the many events where he brought his family to help in events with him. Whether it was for a picnic or sporting events, he brought his family wherever he went. Francisco was always known for his love in sports while in the chapter, when he became a sport director, he was always enthusiastic to have many sporting events such as the bowling group that would go every week on Fridays to meet. Everyone always remembers his love for cycling. Whenever there was chance for him to use his cycle, he took it. The sports to him were always something that made him happy and we will always remember his passion for it. Even in his later years when he stepped back from being a director, he always gave us support in any way that he could. He leaves us with many great memories, of never giving up in the worse moments and fighting to the end.

On behalf of our board of directors, members, and staff we want to express our heartfelt condolences to Francisco's family and remember that we will always treasure the memories that we made with him throughout the years. A great person has left us but he will never be forgotten.

Sports Report

Charles Corley

NATIONAL VETERAN WHEELCHAIR GAMES IN MINNEAPOLIS, MN 2025

The Miami Adaptive Sports Team completed in The National Veterans Wheelchair Games in Minneapolis, Minnesota on July 17 thru July 22,2025.

PVA members scored a total of 12 metals, Seven were gold, three Silver and Two Bronze. Participants were excited to do their best in the events . Next year the city of Detroit, Michigan will host the Games for 2026.

The summer is coming to an end and the Victor Program will start having sporting events on the Calendar posted by Recreational Therapist at VA.

Next on the Calendar we will Discuss with Leadership any plans for the Diving Team. Also The Fishing Trip with Captain Neil be rescheduled and I encourage members to let me or the office know your intentions on participating. These events has be confirmed with attendance.

Thank you

Respectfully- Charles Corley

News Round-Up

Recent news regarding legislation and regulatory actions affecting veterans and people with disabilities.

Written and produced by Paralyzed Veterans of America - Government Relations Department

Check out the PVAction Force page to view legislative campaigns and a list of key legislation.

HOUSE COMMITTEE STUDIES THE EFFICACY OF VA COMMUNITY CARE

On July 15, the House Veterans' Affairs Health Subcommittee held a hearing to examine how VA's Community Care Network (CCN) can be leveraged to help veterans receive the right care, at the right place, and at the right time. PVA submitted its views on the efficacy and practicality of community care for our members in a statement for the record. We reminded committee members of our firm belief that VA is the best health care provider for disabled veterans. Also, our members consistently choose VA's spinal cord injuries and disorders (SCI/D) system of care, because it provides a coordinated life-long continuum of services that has increased their lifespan by decades. We noted that VA's specialized systems of care follow higher clinical standards than those required in the private sector which is why preserving and strengthening VA's specialized systems of care, like SCI/D care, remains the highest priority for PVA.

In our statement, we identified several reasons why VA's CCN care is not suitable for our members. These included civilian providers lacking knowledge about treating SCI/D and how these injuries and illnesses impact other bodily parts and systems, the inaccessibility of civilian facilities, and the lack of proper diagnostic equipment. We concluded by urging the subcommittee to take the necessary steps to ensure that VA's direct care system is not weakened to the point where care in the community becomes the only choice for catastrophically disabled veterans. You can view a recording of the hearing and find other relevant documents [here](#).

NDAA BEGINS TO TAKE SHAPE

The House and Senate Armed Services Committees have completed their respective versions of the National Defense Authorization Act (NDAA). While this annual defense policy bill focuses primarily on personnel, weapons systems, and administrative matters pertaining to the Department of Defense, in recent years, several veterans-related provisions have been inserted into the bill.

On July 9, the Senate Armed Services Committee voted 26-1 to advance its version of the Fiscal Year 2026 NDAA to the Senate floor. On July 15, the House Armed Services Committee also passed a bipartisan bill, 55-2. We are currently reviewing available text and evaluating the potential effect of any veterans' related provisions on PVA members. The bills may come to their respective floors prior to the August recess where they will be subjected to numerous amendments.

Once both chambers pass their respective versions of the bill, a joint House-Senate conference will be held to hammer out differences between the two bills in order to compile a single measure both chambers can agree on. Much of that work will likely be conducted by the staff over the August recess and the earliest lawmakers can be expected to vote on the final bill would be in the fall.

GAO REPORT ON VETERANS CRISIS LINE

In June, the U.S. Government Accountability Office (GAO) submitted a report on the Veterans Crisis Line (VCL). The report calls for a more comprehensive risk assessment for veterans that call the line for mental health support.

As of March 2025, the VCL employed more than 1,000 crisis responders who are responsible for answering the calls on VCL's main line. Of those employees, some are responsible for veterans with complex needs and for high frequency callers, while others handle text-based and chat interventions for veterans who are struggling.

Between 2021 and 2024, the VCL saw around 3.8 million customer interactions between calls, texts, and chat-based communications. VCL staff noted in a survey provided for the report that 47 percent of staff handling chat-based assistance, and 35 percent of text-based assistance, would frequently or always handle two veteran interactions at the same time. Attempting to support two veterans in crisis at the same time is not consistent with VCL procedures and training, and it could cause direct harm to the veterans seeking help.

GAO recommended that VA and the VCL improve procedures and routing policies for veterans using the chat and text

NEWS OF NOTE

OIG PUBLISHES REPORT REGARDING AMTRAK'S CUSTOMER SERVICE QUALITY FOR PASSENGERS WITH DISABILITIES

On June 11, Amtrak's Office of Inspector General (OIG) released a report regarding the quality of the company's customer service for passengers with disabilities. The report found that Amtrak had made improvements but still lacked an overarching strategy in its efforts to improve customer service for these passengers. Further, the company doesn't have a good understanding of the quality of service provided because it doesn't regularly analyze data that could provide that information. PVA met with Amtrak's OIG during its audit of the company's customer service to share our views on behalf of our members and other wheelchair users.

DOE EXTENDS EFFECTIVE DATE OF DIRECT FINAL RULES DUE TO SIGNIFICANT ADVERSE COMMENTS

On June 14, the Department of Energy (DOE) announced that due to the receipt of significant adverse comments, it is extending the effective date of the direct final rule Rescinding Regulations Related to Nondiscrimination in Federally Assisted Programs or Activities (General Provisions) and the direct final rule Rescinding New Construction Requirements Related to Nondiscrimination in Federally Assisted Programs or Activities. The effective dates of the direct final rules have been delayed until September 12. DOE is delaying the effective dates to consider comments. PVA submitted comments expressing our concerns about the effect the proposed rules would have on people with disabilities and urged DOE to withdraw them. PVA will continue to monitor this issue.

VA ANNOUNCES EXPANDED BURIAL BENEFITS

The VA recently announced it is implementing temporary expansions to burial benefits thanks to the Senator Elizabeth Dole 21st Century Veterans Healthcare and Benefits Improvement Act. Previously, a veteran who died at home and was receiving VA hospice care, was not guaranteed eligibility for VA burial benefits. Now, a veteran who passes away between July 1, 2025, and October 1, 2026, will be eligible for VA burial benefits. The press release is available [here](#).

ADVOCACY & COMMITTEE ACTIVITIES

UPCOMING WEBINAR: ADVOCATING DURING THE AUGUST CONGRESSIONAL RECESS

In June, we held our 2025 Advocacy Legislation Seminar and had great results. You may be wondering what is next on the horizon. Congress will be on recess in August, but advocacy doesn't take a break. Join us on July 30 at 2:00 p.m. ET to learn how you can make your voice heard while lawmakers are back in their home states and districts. We'll cover strategies for attending town halls, using PVAAction Force, and ways you can help mobilize your community for impact. You can register for the webinar [here](#).

REMINDER: PVA MEMBER ADVOCACY TOOLKIT NOW AVAILABLE

PVA recently released an advocacy toolkit designed to empower individuals, regardless of experience level, with resources and guidance to effectively advocate. By sharing personal stories and engaging in meaningful conversations, PVA member advocates can drive meaningful change, locally and nationally, while shaping a better future. To view the toolkit, click [here](#).

Veterans' Committee Activities

Please visit the House and Senate Veterans' Affairs Committee webpages for information on previous and upcoming hearings and markups.

YOU WILL ALWAYS BE FIRST TO US.

Since 1992, First Nation Group has been the premier medical solutions provider to the VA and DoD. Our mission is to provide superior products and services to active military and veterans from hospital to home while giving back generously.
