Getting Started...

Funerals are a meaningful event that, properly planned, can help ease the pain of separation that naturally accompanies death. It is a time of celebrating the dignity of life and it provides a unique occasion for family and friends to share expressions of remembrance and appreciation. Our staff of experienced funeral directors can assist you in planning all of the details of your loved one's funeral or memorial service. We stand ready and willing, all hours and all days of the year, to care for your family.

About this Price List - This price list is designed to familiarize you with the products and services that normally comprise different types of funeral arrangements. Our prices are presented in two concepts - a complete itemized list of the goods and services that we offer as well as packages that combine our most common services for burial and cremation, each containing a different level of facilities, equipment and professional services.

Glossary of Terms When Using this Price List - There are a few terms that you will read or we will use with you as funeral arrangements are completed. These terms include:

- **“Professional Services”** include the professional and technical services of our staff of licensed funeral directors, use of our facilities, equipment, professional funeral automobiles and our state of the art crematory equipment as well as the institutional knowledge that comes with our 105 year history of caring for families in Ellensburg, Cle Elum and surrounding communities.
- **“Merchandise”** consists of items such as caskets, urns, outer burial containers, register book and folders, headstone or monument, flag cases, shipping containers or other tangible goods that we sell you. All merchandise is subject to Washington state sales tax.
- **“Cash Advance Items”** are things that we procure and pay for on your behalf and add to your final statement. These items include but are not limited to cemetery charges, vault delivery and setup, newspaper notices, clergy and musician honorariums, death certificates, church or facility rental and catering fees. We are prohibited by Washington law to add any markup or accept any commission on cash advance items and exact amounts for some of these items may not be available until after services have concluded. We will include a goodwill estimate of these charges on your Statement of Funeral Goods & Services Selected that we provide at the conclusion of the arrangement conference. All cash advance items are subject to actual costs billed/paid.

Obituary Notices - As part of our arrangement conference, and if you request our assistance, we will help in drafting an obituary for your loved one that can be placed on our website and in the newspaper. Your family is also welcome to begin drafting your own which we will help you edit and assist with placement. All of our local newspapers require obituaries to be paid announcements. We are happy to assist placing obituaries the Ellensburg Daily Record, NKC Tribune and/or Yakima Herald. A credit card authorization form will be required for us to place paid notices on your behalf. It will be your family's responsibility to submit the obituary to any other newspapers other than the three listed above.

Payment Options - To lose someone you love is a devastating human experience. It is frequently traumatic and can seriously impact judgement and often comes at a time when survivors are least prepared financially. We believe in the importance of the recognition and meaningful celebration of a life that has been lived and will assist in an appropriate service to meet your individual needs. It is also important to be realistic in respect to funeral expenses, keeping within your family's budget while still honoring your wishes. **In order to be fair to all parties, discussion and agreement with regards to payment terms are handled at the time of arrangement.**

We accept many forms of payment including cash and check (no added fees applied), credit cards (which will incur a fee assessed by the processing company and added to the total transaction) and life insurance assignments (fee for this service varies based on amount assigned).

We have never turned away a family based on their ability to pay and solicit your frankness regarding financial matters. We pledge to work with you, if necessary, to arrive at terms that are fair and amicable to all involved.

“We’re taught as infants to say hello... and goodbye”

~ Vernie R. Fountain, Fountain National Academy

Interview - Undertaking the Podcast (2018)

Saying Goodbye is Important...

The human race has, for millennia, faced death by caring for our dead. However, in today's modern culture, phrases such as "it's just a shell" or "they're not there anymore" are often used to describe the earthly remains of those who have died. While both statements are an attempt to make us feel better about experiencing a loss, intellectually and emotionally speaking, the body that remains is still the physical representation on this earth of someone who was loved and offered love to others. We believe that bodies of those we love should not be minimized or reduced to an “only” and they’re certainly not “just” anything.

That is why it is important to consider all of the options, regardless of whether you are selecting burial, cremation or an alternative form of disposition, that are available for your family to say goodbye. At Johnston & Williams, our goal is to help educate your family on these options to provide the proper foundation for you to be able to cope, heal and begin the process of moving forward following a loss.

All Cremations are Not Equal...

It is important to remember that the practices and protocols of how your loved one is cared for can vary widely between funeral homes and cremation providers. When researching your options, consider not only the price of the service being offered, but the value of what your family will receive with it. **Not all cremations are created equal and some providers are better than others.**

Johnston & Williams Funeral Home is the only funeral provider in Kittitas County with an on-site crematory. Your family can take comfort in knowing that, from the time we initially transfer your loved one into our care until the time we return the cremated remains to you, your loved one never leaves our facility in Ellensburg.

Our Standards of Care for handling and supervising the cremation process for families who call upon our services include:

- Basic care of your loved one including bathing, washing of hair and ensuring that your loved one's mouth and eyes are closed properly so that a natural and respectful appearance is restored.
- Obtaining of thumbprints which are digitally archived for your family for future use for jewelry or other keepsake items.
- Your loved one will be dressed in clothing provided by your family or in a clean hospital gown prior to cremation.
- At least one hour of private viewing time for immediate family members to say goodbye is included, at no additional charge, with all arrangements that include cremation.
- If your loved one was a Veteran, we will drape their cremation container with the United States flag to which they are entitled. Before placement into the cremation chamber, we play Taps and then fold the flag to prepare it to be returned to your family. A flag that is ready to be retired is then draped over the cremation container to be cremated with your loved one. We also provide a complimentary cherry flag case to the family of every Veteran we serve as our gift of appreciation for their honorable service to our nation.

The Importance of Proper Care...

We believe that every family deserves the opportunity to say goodbye to their loved one through time at the funeral home for a final viewing. We also believe that the best experience for this is offered when your loved one has been properly prepared through the process of embalming. Although not required for arrangements that do not include viewing for the public (such as direct cremation or immediate burial), we encourage families to allow us to proceed with the embalming process to provide the absolute best final memory possible. Embalming, for private family viewing only, is never *required*, only *recommended*. You may also opt for our formaldehyde free care process, which similar to embalming but without the formaldehyde based chemicals, for this private time as well.

GENERAL PRICE LIST

Prices are Effective on November 1, 2025 and subject to change without notice

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. **However, any funeral arrangements you select will include a charge for our basic services and overhead.** If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Professional Services

Basic Services of Funeral Director and Staff and Overhead **\$ 2,595.00**

Our services include: conducting the arrangements conference; planning the funeral; consulting with family and clergy; shelter of remains; preparing and filing of necessary notices; obtaining necessary authorizations and permits; coordinating with the cemetery, crematory, or other third parties. In addition, this fee includes a proportionate share of our basic overhead costs.

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

Embalming **\$ 595.00**

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

Limited Scope Embalming using Formaldehyde Free Care Process **\$ 595.00**

This specialized care follows the same steps and processes as traditional embalming, but without the use of formaldehyde based chemicals. We use an environmentally safe, non-formaldehyde, capillary wash solution developed to temporarily control post mortem changes. It is available for **private family viewings only**, is not to be considered suitable preservation for any type of public viewing, *and may not be applicable based on certain circumstances related to the cause of death, including care following an autopsy.*

Other Preparation of the Body

Refrigeration (initial seven days or portion thereof)	\$ 475.00
Refrigeration (additional per day, beyond seven days)	\$ 95.00

Dressing, cosmetics, hair care and casketing (any or all)	\$ 195.00
Special care of remains after autopsy	\$ 395.00
Special care of remains after tissue donation (<u>paid by donor agency</u>)	\$ 295.00
Pacemaker removal (required with cremation)	No Charge

Crematory Fee **\$ 300.00**

This is the fee for use of the crematory and processing equipment. This fee will be added to any arrangements you select that include cremation. It is already included in our charge for direct cremation and in our package offerings. Please note an additional fee of **\$495** will be added to any cremation arrangements that include any special requests, such as witness cremation, notification or specific selection of date and/or time of cremation or other requests that are outside our normal operating procedures.

MINIMUM SERVICE OPTIONS

Prices are Effective on November 1, 2025 and subject to change without notice

The selections that appear on this page have significantly reduced pricing when compared to our other offerings.

The descriptions of what is offered with each package below are specific and exact. Those descriptions encompass the full scope of the level of service offered for the package listed. These packages do not include any ancillary services such as assistance in writing an obituary (though we will help place one that is written), coordinating service details, or additional use of our facilities, staff or equipment.

Direct Cremation ~ \$ 2,295 to \$ 3,790

Our charge for direct cremation includes a reduced charge and scope of the basic services of funeral director and staff, transfer of remains to the funeral home within our defined service area (50 miles, one-way), basic sanitary care without any embalming or other specialized care, other preparation and dressing of remains, identification viewing during regular weekday business hours (one hour, one time only, up to five people maximum, held at our Ellensburg Chapel only); refrigeration (up to seven days), obtaining of necessary permits and authorizations and the actual cost of the cremation process. Additional itemized selections from the General Price List (such as embalming, expanded viewing or graveside ceremony) may not be added to this charge. **Cremated remains for this service level are returned in one urn only, unless any additional urns are purchased from our funeral home. We do not fill items purchased from a third party.**

If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of material like fiberboard or composition materials (with or without an outside covering). The containers we provide are cardboard and fiberboard.
