ARTICLE 3 - ENFORCEMENT PRIORITIES

3.1 **Enforcement Priorities**

Any allegation of the contravention of existing bylaws will be reviewed but the following priorities will apply:

- (a) **Priority #1: Safety** - the alleged bylaw violation may adversely impact on the environment or public safety: These violations will be investigated and enforced as soon as possible given the availability of staff and other resources. Prior warning notices or education may not be appropriate or practical.
- (b) **Priority #2 Significant negative impact to adjacent properties** - the alleged bylaw contravention is significantly impacting adjacent properties in a negative manner, but it generally does not pose an immediate risk to the health or public safety of the community. The Townsite investigation and enforcement of Priority 2 matters will most often be initiated in response to Valid Complaints received.

- (c) **Priority #3: General nuisance** - the alleged bylaw contravention may be a matter that is a general community concern. These contraventions are less serious in nature and generally do not affect the health or public safety of the community. The Townsite's investigation and enforcement of Priority #3 matters is initiated in response to complaints. Staff receiving a complaint will use discretion to determine whether there is sufficient geographic or other connection between the complainant and the location of the alleged violation to constitute a Valid Complaint. Investigating staff will focus on education and will provide opportunities to bring the property or situation into compliance that is appropriate in the circumstances. If a confirmed violation is minor in nature and/or if it appears the complaint may be a Vexatious Complaint or is part of a larger neighborhood conflict, staff may conclude it is not in the Townsite's or community's best interest to pursue the matter.

ARTICLE 4 - COMPLAINTS

4.1 Complaints

- (a) Bylaw complaints shall be in written form and signed by the complainant. The complaint may be made by letter, email, website or on the complaint form provided. The Townsite Administration will, upon request, email/mail a complaint form to the complainant.
- (b) The complainant is to provide their name, address, telephone number, and nature of the complaint.
- (c) The complainant's name is to be kept confidential unless otherwise indicated in writing by that person or where the person may be required as a witness in court.
- (d) While all complaints will be received and logged, not all complaints will be investigated:
 - (i) Anonymous complaints will not be acted upon unless the alleged violation may adversely impact the environment or public safety: These violations will be investigated and enforced as soon as possible. Prior warning notices or education may not be appropriate or practical.
 - (ii) Vexatious Complaint(s) will not be acted on.
- (e) Bylaw enforcement resources are prioritized to ensure the timely receipt and investigation of complaints. It is not the Townsite practice to proactively provide follow-up information to complainants. Staff will respond to specific requests for information (subject to confidentiality requirements) as time permits.
- (f) Upon receipt of a complaint, Townsite Administration staff will:
 - (i) Provide acknowledgment of receipt of the complaint.
 - (ii) Conduct a preliminary review of the complaint to ensure it is a Valid Complaint and directly relates to an enforceable bylaw.
 - (iii) Log and record the complaint and assign it to an Enforcement Officer for follow up and investigation; and
 - (iv) Direct the complainant to the appropriate agency if the complaint is outside the Townsites jurisdiction.

ARTICLE 5 - ROLES, RESPONSIBILITIES AND AUTHORIZATIONS

- (b) The Council may delegate or appoint the Townsite Manager in the execution of enforcement duties and as a Bylaw Enforcement Officer.
- (c) To maintain an administratively fair and unbiased bylaw enforcement system, there is a separation between the role of the Council who set overarching policy and priorities and Townsite Administration's role to execute procedures as established and outlined in this Bylaw. This Bylaw recognizes the challenges faced by Council to remain at arms-length from the day-to-day enforcement process when they are often the main point of contact for members of the Society who have complaints or who have been the subject of enforcement. In these situations, it is important to support the Bylaw Enforcement team and request that the members of the Society contact the Townsite Administration or Townsite Manager directly.
- (d) The Council inquiries relating to bylaw enforcement matters shall be directed to the Townsite Manager.
- (e) The Council have a role in the Appeal process and are the final decision-maker. To avoid the risk of bias or pre-judgement in these cases, Council members should not be involved in earlier steps in the bylaw enforcement process.

- (b) Where a complaint is made under Section 4.5 (a), the Town Manager must investigate and dispose of the complaint in accordance with the provisions set out in this bylaw.
- (c) The Town Manager may refuse to investigate or may discontinue the investigation of a complaint if, in their opinion:
 - (i) The complaint is frivolous, vexatious or made in bad faith; or
 - (ii) Having regard to all the circumstances, no investigation is necessary.
- (d) Upon hearing the explanation of the Bylaw Enforcement Officer and any other information that is relevant to determine the facts, the Town Manager shall determine if the complaint is:
 - (i) Unfounded (no reasonable belief exists that the complaint has merit or basis);
 - (ii) Unsubstantiated (insufficient evidence to determine the facts of the complaint and that it may or may not have occurred);
 - (iii) Found to have merit in whole (reasonable belief exists that the bylaw officer has engaged in misconduct in regard to the entirety of the complaint);
 - (iv) Found to have merit in part (reasonable belief exists that the Bylaw Enforcement Officer has engaged in misconduct in regard to a portion of the complaint, but not in its entirety);

ARTICLE 6 - INVESTIGATION AND ENFORCEMENT

6.1 Procedures

- (a) Upon receipt of an assigned Valid Complaint, enforcement officers begin an investigation in accordance with the priorities described in this bylaw.
- (b) Education is the preferred first step with time given to comply with the bylaw. Some options for obtaining voluntary compliance may include education, discussions, violation Tickets, information and non-fine enforcement, including a Remedial Order. Verbal or other non-formal steps to obtain compliance may be made in the early stages of an investigation, where possible, with respect to non-reoccurring bylaw contraventions.
- (c) Occasionally, compliance based on education or warning notices may not be appropriate or effective. In some cases, a more direct enforcement approach is required and may include an immediate fine. In determining whether to issue a bylaw fine, the Enforcement Officer may consider one or more of the following criteria:
 - (i) If human health, safety or security is at risk.
 - (ii) If environmental safety or security is at risk.
 - (iii) If the infraction is occurring on Townsite property.
