FRANCHISING GUIDE OF LEBANON

FOREWORD BY THE PRESIDENT

YAHYA KASSAA
PRESIDENT OF THE LEBANESE FRANCHISE ASSOCIATION

Dear LFA members & friends,

I am pleased to announce the LFA's latest edition of its popular publication: "Franchising Brands in Lebanon". In the context of the unprecedented times Lebanon is traversing, this particular edition is a testament to the resiliency of the LFA's vibrant community of brands, and an acknowledgement of the invaluable support our partners and sponsors provide.

As President of the LFA, it is my duty to remain as optimistic as possible about what the future holds for us. It fills me with great pride to see that despite economic difficulties and political uncertainty the LFA and its members opted to remain resilient and hopeful about our capacity to overcome these challenges and to thrive once again.

This deeply rooted belief in Lebanon, and the LFA's abundant qualities is a sentiment I share with all of you. Looking back, I can only be proud of the milestones that our members and sector had reached before the unfolding of this crisis. And through these roots, we will remain steadfast in the face of adversity to come out of the storm stronger than ever.

I firmly believe that Franchising must remain a fundamental player in the Lebanese economy, and I am confident that with the right partners, regaining economic dynamism and growth will be within our reach. That is why, the LFA, and myself, will endeavor to safeguard the hard work and investments that were made in the sector so that we can continue our journey of success.

I seize this opportunity to thank our members and community for their continued support.

ANT VENTURES SAL

Mr. Anthony Maalouf

1. HOW & WHEN DID YOUR FRANCHISE JOURNEY BEGIN?

Our franchising journey began in 2000, when a loyal customer at our Casper & Gambini's downtown branch expressed interest in bringing the brand to Kuwait. That single moment sparked our first international venture, opening the door to regional expansion and launching our path into franchising.

2. AS A FRANCHISOR, WHAT MAJOR MILESTONES HAVE YOU REACHED ALONG THE WAY?

2002: First international opening in Kuwait
 2005: Entry into Egypt with branches in Cairo and Alexandria
 2006: Expansion into Jordan
 2010: Launch in Qatar
 2013: Debut in Saudi Arabia (Jeddah)
 2014: Presence established in the UAE (Abu Dhabi) and Oman (Muscat)
 2019: First step into West Africa with an opening in Nigeria (Lagos)
 2022: Further expansion into Iraq (Baghdad) and Côte d'Ivoire (Abidjan)
 2024: Introduction of the all-new Coffee, Gastro & Bar concept at The Location, Dbayeh, Lebanon.

3. AS A BUSINESS OPERATOR, WHAT CHALLENGES HAVE YOU OVERCOME IN LEBANON AND OTHER COUNTRIES?

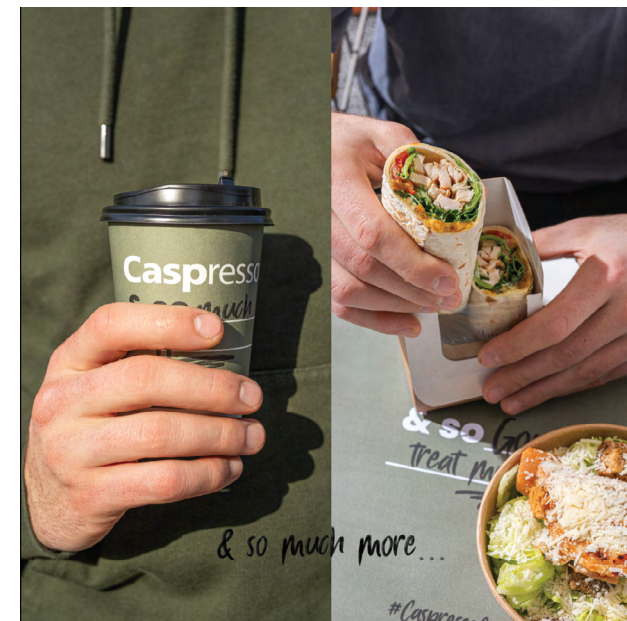

Despite Lebanon's challenges, our strong brand and loyal customers have helped us maintain leadership. Internationally, we balance brand consistency with local adaptation by working closely with franchisees, researching each market, and integrating cultural nuances to deliver an experience true to our values.

4. BASED ON YOUR EXPERIENCE, WHAT ARE THE KEY INGREDIENTS TO SUCCESS IN FRANCHISING?

Successful franchising depends on choosing the right partners, maintaining operational excellence, and adapting to local markets without compromising brand integrity — achieving the balance between global consistency and local personalization.

5. ANY FINAL THOUGHTS OR USEFUL ADVICE FOR POTENTIAL FRANCHISE OPERATORS?

Franchising is a trust-based partnership fueled by shared passion. Success comes from believing in the brand, committing to its vision, investing in market research and operational excellence, and maintaining a long-term mindset. Simply put: love what you do, know your audience, and always prioritize quality.

3. AS A BUSINESS OPERATOR, WHAT CHALLENGES HAVE YOU OVERCOME IN LEBANON AND OTHER COUNTRIES?

We have overcome economic instability, supply-chain disruptions, currency fluctuations, and different regulatory and market conditions. These challenges strengthened our resilience, agility, and ability to adapt our model without compromising quality or brand consistency.

4. BASED ON YOUR EXPERIENCE, WHAT ARE THE KEY INGREDIENTS TO SUCCESS IN FRANCHISING?

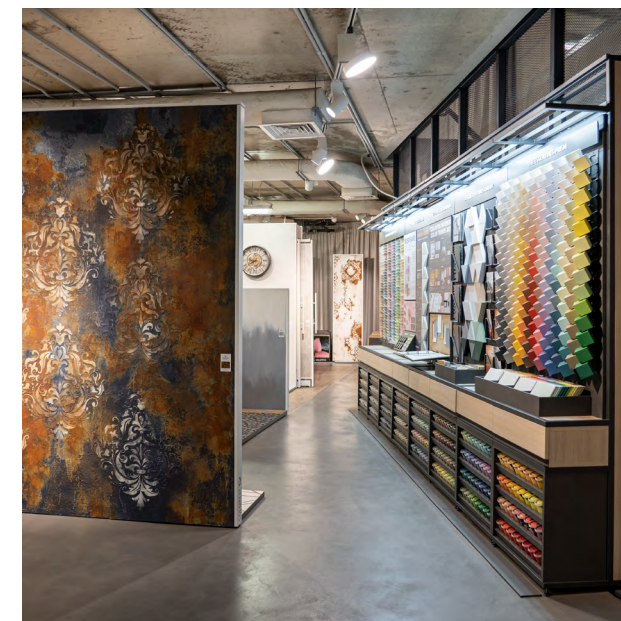

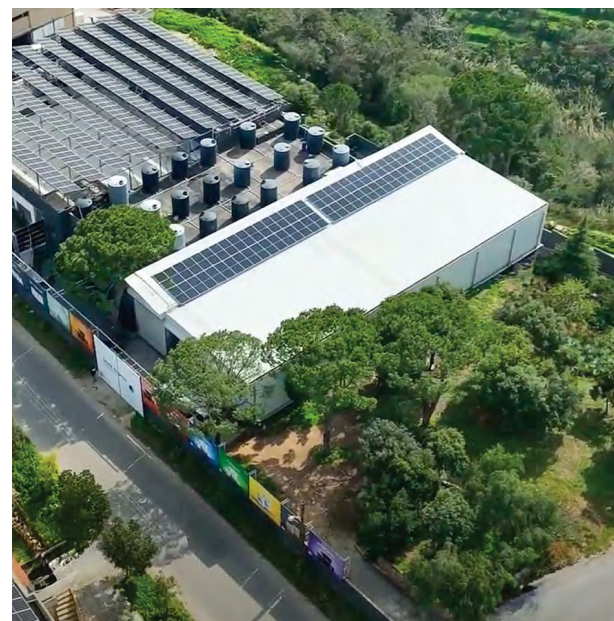

Success in franchising requires a strong and differentiated concept, clear operating systems, consistent quality, continuous training, and the right partners. It also depends on maintaining a careful balance between global brand standards and local market understanding.

The most successful franchise relationships are built on transparency, trust, regular communication, and a shared commitment to long-term growth.

Mr. Hussein El Batal

1. HOW & WHEN DID YOUR FRANCHISE JOURNEY BEGIN?

Our group has been a trusted name in the market since 1956. DAZE was introduced in 2013, although we received frequent requests for franchise opportunities, we chose to wait until everything was fully ready. With our collections, website, catalogs, and B2B channels now well established, we're confident in our ability to support markets worldwide.

2. AS A FRANCHISOR, WHAT MAJOR MILESTONES HAVE YOU REACHED ALONG THE WAY?

Daze currently operates 10 locations across the Middle East, including Lebanon, Dubai, Saudi Arabia, and Iraq, through both owned and franchise stores. We've set a six-year global expansion plan, aiming to open more stores worldwide.

3. AS A BUSINESS OPERATOR, WHAT CHALLENGES HAVE YOU OVERCOME IN LEBANON AND OTHER COUNTRIES?

In Lebanon, instability made operations difficult, while internationally our main challenge has been finding reasonably priced locations large enough to properly showcase our furniture.

4. BASED ON YOUR EXPERIENCE, WHAT ARE THE KEY INGREDIENTS TO SUCCESS IN FRANCHISING?

Having an attractive and profitable concept, maintaining high service quality, and ensuring a short return on investment (ROI). These factors help attract franchisees, build customer trust, and sustain long-term growth.

5. ANY FINAL THOUGHTS OR USEFUL ADVICE FOR POTENTIAL FRANCHISE OPERATORS?

My advice to potential franchise operators is to stay committed to the franchise requirements, rules, and guidelines. It's important to follow the advice and know-how provided by the franchisor, as it's based on experience and proven success. Also, investing in marketing is essential to build brand visibility and drive business growth.

1. HOW & WHEN DID YOUR FRANCHISE JOURNEY BEGIN?

Our ancestors journey began in 1881 in Tripoli, Lebanon, when the Hallab family laid the foundation for what would become a benchmark in oriental sweets after years of hard work. Over generations, Hallab 1881, Kasr El Helou became a symbol of quality, tradition, and Lebanese hospitality. Franchising was a natural progression after decades of brand building. We officially began exploring franchise opportunities in the early 2000s, once we had perfected our recipes, systems, and customer experience. The goal was to share the authentic Hallab experience with Lebanese communities and lovers of Middle Eastern sweets around, at the beginning in Lebanon, and after in the Arab world.

2. AS A FRANCHISOR, WHAT MAJOR MILESTONES HAVE YOU REACHED ALONG THE WAY?

Our key milestones include growing our franchise network across the Gulf, expanding from traditional sweets into a full hospitality experience, gaining international recognition for authenticity and quality, modernizing production while preserving craftsmanship, and launching e-commerce and global shipping to meet worldwide demand.

3. AS A BUSINESS OPERATOR, WHAT CHALLENGES HAVE YOU OVERCOME IN LEBANON AND OTHER COUNTRIES?

In Lebanon, instability and supply disruptions have been challenging, but strong community ties, brand loyalty, and a commitment to quality kept us resilient. Internationally, adapting to local regulations and consumer habits—while maintaining freshness and consistency—required investment in training, sourcing, and quality control. These challenges ultimately strengthened our global presence without compromising tradition.

4. BASED ON YOUR EXPERIENCE, WHAT ARE THE KEY INGREDIENTS TO SUCCESS IN FRANCHISING?

Hallab's franchising philosophy is built on preserving authenticity, delivering consistent quality across all markets, and ensuring strong operational systems that protect the brand's legacy. We carefully select partners who respect our heritage and share our cultural mission. While we embrace innovation, every advancement remains firmly anchored in the traditions and values that define Hallab.

5. ANY FINAL THOUGHTS OR USEFUL ADVICE FOR POTENTIAL FRANCHISE OPERATORS?

Franchising with Hallab 1881 means honoring a legacy of quality and hospitality. Success comes from respecting the brand, building a strong foundation before scaling, and staying true to your roots.

1. HOW & WHEN DID YOUR FRANCHISE JOURNEY BEGIN?

The franchise journey began when Mayrig evolved from a local restaurant into a cultural ambassador, with growing international demand. Franchising followed as a natural, well-structured step to expand thoughtfully while preserving the authenticity and standards of Armenian cuisine.

2. AS A FRANCHISOR, WHAT MAJOR MILESTONES HAVE YOU REACHED ALONG THE WAY?

Key milestones include successful international expansion, global recognition such as Geneva's Gault & Millau acknowledgment, and building strong franchise systems with strict quality standards. Most importantly, it's seeing Armenian cuisine consistently and proudly represented worldwide.

3. AS A BUSINESS OPERATOR, WHAT CHALLENGES HAVE YOU OVERCOME IN LEBANON AND OTHER COUNTRIES?

Operating in Lebanon means learning resilience daily: political instability, economic collapse, supply chain disruption. You build muscles you never planned for. Internationally, the challenge shifts: preserving authenticity while adapting to regulations, market expectations, and cultural nuances.

Another major challenge is protecting integrity. Franchisees sometimes want shortcuts; smaller portions, altered recipes, cheaper sourcing. That's where leadership matters. Consistency is harder than creativity. Maintaining standards across borders requires discipline, audits, and constant presence.

4. BASED ON YOUR EXPERIENCE, WHAT ARE THE KEY INGREDIENTS TO SUCCESS IN FRANCHISING?

Franchising is about transferring the brand's DNA, not just its name. It requires strong systems, strict standards, careful partner selection, intensive training, ongoing support, and shared values—because uncontrolled growth risks diluting the brand.

5. ANY FINAL THOUGHTS OR USEFUL ADVICE FOR POTENTIAL FRANCHISE OPERATORS?

Successful franchising means choosing committed partners—not passive investors—who respect systems, uphold standards, and align with the brand's philosophy. It's a long-term journey that demands discipline, patience, and consistency, with no shortcuts.

3. AS A BUSINESS OPERATOR, WHAT CHALLENGES HAVE YOU OVERCOME IN LEBANON AND OTHER COUNTRIES?

Pellini was built in a region that constantly demands resilience. We have faced war, economic instability, changing consumer behavior, and the complexity of operating across different markets. At critical moments, we had to rethink the business entirely, shifting from production to retail, from supplying others to building our own brand. Those challenges shaped our culture: stay agile, protect quality, and keep moving forward without losing the brand's identity.

4. BASED ON YOUR EXPERIENCE, WHAT ARE THE KEY INGREDIENTS TO SUCCESS IN FRANCHISING?

Success comes from clarity, consistency, and patience. A brand must know exactly who it is, what it stands for, and where it creates value. Product matters, but product alone is not enough; fit, experience, service, and trust are what build long-term loyalty. For us, success has always come from combining structure with adaptability and heritage with forward movement.

5. ANY FINAL THOUGHTS OR USEFUL ADVICE FOR POTENTIAL FRANCHISE OPERATORS?

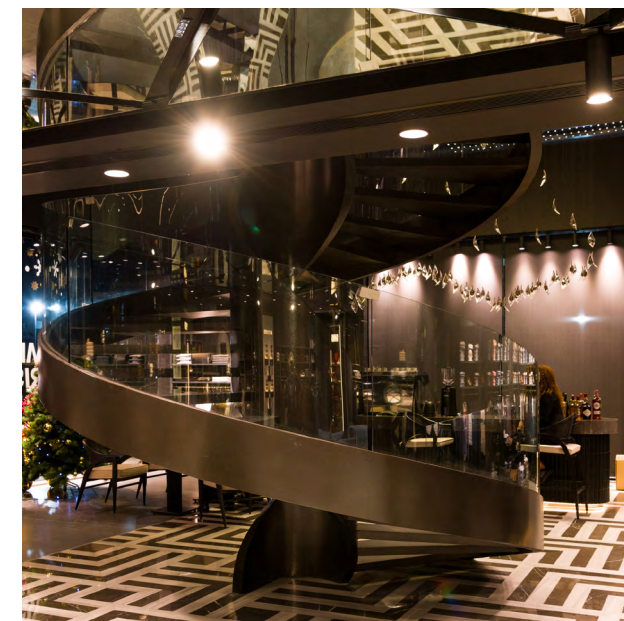

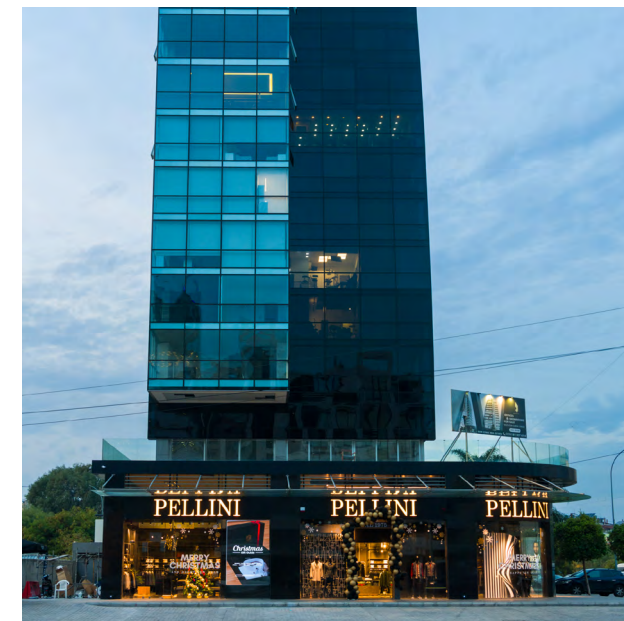

Build for the long term. Protect the quality of the experience as much as the quality of the product. Customers may come for a suit, a shirt, or a recommendation, but what makes them return is how the brand makes them feel. That is where real value is created, and that is how a business becomes a legacy.

1. HOW & WHEN DID YOUR FRANCHISE JOURNEY BEGIN?

Pellini began in 1975 as a family business built on tailoring, discipline, and a deep respect for craftsmanship. What started as menswear production evolved over time into a broader vision: creating a brand that could dress men with confidence across every part of their lives. The journey was never only about growth; it was about building something lasting, relevant, and trusted across generations.

2. AS A FRANCHISOR, WHAT MAJOR MILESTONES HAVE YOU REACHED ALONG THE WAY?

Our evolution happened in clear stages. We began with strong manufacturing expertise, worked with international standards, then made the strategic move into retail and built Pellini as an independent brand. From there, we expanded our store network, entered new markets, launched e-commerce, strengthened our internal systems, and evolved from a formalwear-led business into a complete menswear destination that includes casualwear, ceremony, accessories, and made-to-measure.

4. BASED ON YOUR EXPERIENCE, WHAT ARE THE KEY INGREDIENTS TO SUCCESS IN FRANCHISING?

Success in franchising requires a strong brand purpose, reliable products, clear operating systems, continuous support, and the right local partners. In the health and wellbeing sector, trust is especially important, which means maintaining consistent quality, clear communication, and a deep understanding of local consumer needs.

The strongest franchise relationships are built on transparency, shared values, and a long-term commitment to growing the brand responsibly.

5. ANY FINAL THOUGHTS OR USEFUL ADVICE FOR POTENTIAL FRANCHISE OPERATORS?

Choose a brand with a clear purpose, a credible product range, and a business model that responds to real and lasting market needs. Franchise operators should be actively involved, invest in their teams, understand their customers, and follow the systems that protect brand quality and consistency.

We elevate our creations beyond products, building an emotional brand experience that deeply connects with our clientele.

3. AS A BUSINESS OPERATOR, WHAT CHALLENGES HAVE YOU OVERCOME IN LEBANON AND OTHER COUNTRIES?

A key challenge has been building an environment that drives innovation and exceptional craftsmanship. We focus on selecting skilled, authentic talent and use strict protocols and performance systems to maintain alignment. Alongside this, we invest in advanced technologies and ERP tools to ensure top-quality products and an elevated client experience.

4. BASED ON YOUR EXPERIENCE, WHAT ARE THE KEY INGREDIENTS TO SUCCESS IN FRANCHISING?

Beyond legal and financial factors, successful franchising relies on partners who truly align with our values and vision. Not every candidate is the right fit, and we have turned down opportunities to protect our brand's integrity. The ideal franchisee brings passion, business understanding, solid capabilities, and a long-term growth mindset—qualities essential for building a strong, sustainable partnership.

5. ANY FINAL THOUGHTS OR USEFUL ADVICE FOR POTENTIAL FRANCHISE OPERATORS?

From a franchisor's perspective, success starts with preserving your brand's essence and identity. Your uniqueness—your Brand DNA—is what sets you apart. Stay anchored in your vision, values, and objectives, and build a clear roadmap that keeps you focused and aligned as you grow.
