List of tools

To assemble this single gate the following tools will be required:

- Ø12 Drill
- Ø10 Drill
- Ø22 Drill

- Socket wrench set
- Measuring tape
- Bit set (for Torx screws)

**NB: $y > 4\text{m} \Rightarrow$
Use 3x pieces of lumber - instead of 2.**

$$y = A + \text{gap}(b) + \text{gap}(a)$$

$$x = B + \text{gap}(c) \cdot \text{gap}(d) + 2 \cdot t$$

$$A = y - 7 \text{ cm}$$

$$B = x - 12,5 \text{ cm}$$

2

Cut the following pieces of
the timber T1 tree:

2x A

5x B

3

4

5

NB: Make sure that the timber pieces making up the frame are mounted at 90°.
