THROUGHOUT THE YEAR.*

WHAT ARE THE BENEFITS OF KARATE CLASSES?

Our unique Karate and Child Conditioning Program is designed to equip children with essential motor and problem-solving skills, helping them face future challenges with confidence and prepare for strong “Anti-Bullying” values.

WHAT DO WE OFFER?

We have partnered with our local preschools to develop an entry-level Karate program that awakens learners’ sporting discipline and motor skills – while having fun learning Traditional Okinawa Goju Ryu Karate.

With more than 25 years of experience and involvement at 8 schools, we see the difference ROOIHUISKRAAL KARATE SCHOOL PROGRAM makes in children every day.

WHERE DO OUR CLASSES TAKE PLACE?

Classes take place at your school, where a safe learning environment is already established and children feel comfortable in their surroundings.

This allows for better and faster cognitive development to take place.
