KARATE

KIDS

KARATE KIDS WILL ALSO BE GIVEN THE
OPPORTUNITY TO TAKE PART IN
COMPETITIONS THROUGHOUT THE YEAR.

WHAT ARE THE BENEFITS OF KARATE CLASSES?

Our unique Karate and Child Conditioning Program is designed to equip children with essential motor and problem-solving skills, helping them face future challenges with confidence and prepare for strong “Anti-Bullying” values.

WHAT DO WE OFFER?

We have partnered with our local preschools to develop an entry-level Karate program that awakens learners’ sporting discipline and motor skills – while having fun learning Traditional Okinawa Goju Ryu Karate.

With more than 25 years of experience and involvement at 8 schools, we see the difference Karate Kids makes in children every day.

WHERE DO OUR CLASSES TAKE PLACE?

Classes take place at your school, where a safe learning environment is already established and children feel comfortable in their surroundings.

This allows for better and faster cognitive development to take place.
