

COLLEGE MINISTRY

Our Mission
St. Joe's College Ministry exists to create a place where college students can reconnect with their parish, build friendships, talk about faith, and pray together.

What We Do
- Plan weekly gatherings on Wednesdays in the summer to discuss various topics, hear from mentor figures, and engage in summer activities such as pickleball and yard games
- Provide a gathering place over winter break for college students to reconnect and catch up with one another
- Act as a resource to college students during their school year to get plugged into the parish during their college years, offering opportunities for an Encounter with God.

Our Audience
- Anyone 18-22 or currently in college

Our Target Audience For Volunteers
- Young adults and adults with a gift for hospitality to make our college students feel welcome and part of our parish community
- Ideally our volunteers have a youthful spirit that can easily relate to college students

Our Ministry's Greatest Needs
- People who are committed to praying for our college students and their intentions
- Hospitality support for our summer gatherings, like picking up pizza, setting up yard games, creating a welcoming environment, etc.

How To Get Involved
- If you are a college student, come to our summer gatherings and invite your friends
- Reach out to Bonnie Eicher to see what is most needed right now
