# MAINTENANCE COMMITTEE

### Mission

The Maintenance Ministry is dedicated to preserving and enhancing the safety, functionality, and appearance of our shared spaces and campuses (Church, School, Rectory, Convent, Ministry Center, and Cemetery) through proactive, hands-on service. Our mission is to support the long-term care of the community facilities and grounds by coordinating and performing essential maintenance tasks, fostering pride in our ministry spaces, and promoting a spirit of stewardship and volunteerism among all parishioners, guests, and the community.

### What Does Your Committee Provide

Our ministry provides opportunities to help with project management of all of our buildings and grounds.

### Who Is Your Target Audience For Participants

Those with general mechanical knowledge, handy work experience, and possibly the trades. Physical labor is not necessarily needed, but is welcomed. Members can also participate by providing knowledge/expertise/best practices, and contacts.

### Who Is Your Target Audience For Volunteers

Those with a strong work ethic, willing to learn how to fix/repair typical "repairs."

### What Are The Ministry's Greatest Needs

Younger volunteers who can assist more with the physical labor aspect of the ministry.

### How To Get Involved

Attend meetings are once a month (4th Thursday of every month at 9:00 a.m.)

### Ministry Point Person

Joe Massengill
