

VISITATION NURSING HOME MINISTRY

Mission

We strive to offer friendship and compassion primarily to Seniors/Elderly living in assisted living facilities and or nursing homes within the St. Joe's Parish boundaries.
Blue Creek (Whitehouse) - Story Point (Waterville) - Maumee Pointe (Maumee) - Heritage Village (Waterville) Otterbein (Monclova) - Lakes of Monclova (Monclova)

What Does Your Ministry Provide

The focus of this Ministry will be visiting people who receive minimal visits from family and friends. These visits will enrich lives by letting the residents know someone cares about them. The people making the visits will grow in friendship and spiritually, and be enriched by each visit.

Who is your target audience to serve

Target audience is individuals living in the St. Joe's Parish boundaries and within a Nursing Home or Assisted Living Facility.

Who is your target audience for volunteers

Anyone looking to serve Christ who has the time to make consistent meeting times with elders in these care facilities. The range of volunteers is broad, from families and or single individuals. The primary goal is for men to visit men and for women to visit women. Young and school-aged children can also participate in ways such as accompanying parents/grandparents to the facility or by sending pictures and cards.

What are your ministry's greatest needs

Finding volunteers to regularly spend time with those in the nursing homes or assisted living facilities! Individuals who know some of these locations can be very heavy and sad to see our elders like this.

How does it work

Connect with Ministry Leader Joe Ancelin to set up an overview meeting. Interested parishioners will go with a Core Team Member for the first visit to understand the rules and potential regulations of the facility of visitation. Once the new member is confident, they will be asked to try to go on a 'regular' schedule to visit their facility.

How to get involved

If you would like to get involved, please sign up for the Visitation Ministry. Joe Ancelin will connect with you upon signing up.
