

healthPALS (Parishioner-Assisted Liaison Support)

Our Mission
healthPALS mission is to help parishioners and neighbors make better healthcare decisions for themselves by utilizing the right incentives and resources available. We provide assistance to those with questions regarding health care, medical billing, insurance, and medication adherence and reconciliation. We also accompany patients to appointments to listen and advocate for them, and assist with scheduling outpatient procedures and appointments.

Our Target Audience
- Parishioners in need of the services listed above

Our Target Audience to Volunteer
- Current or retired nurses/healthcare workers
- Current or retired insurance specialists/medical billers
- Any person who would like to help people make better healthcare decisions (non-proprietary)

Our Ministry's Greatest Needs
- Volunteers
- Anyone who has a passion for helping others navigate healthcare processes
- Dedicate as little or as much time as you have to give to this ministry/committee

How to Get Involved
- Contact Doctor Jeff Swartz to join the healthPALS mission
