

# What is CHADIS?

1

## What is CHADIS?

CHADIS is a web-based platform that automates the administration, scoring and interpretation of screenings and questionnaires.

2

## Why would I want to use CHADIS?

CHADIS allows parents and patients to complete questionnaires at a convenient time before the day of the appointment.

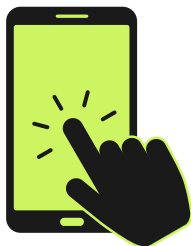

3

## When will I use CHADIS?

Prior to appointments, you will receive an email or text letting you know there are CHADIS screenings that need to be completed prior to your child's appointment.

4

## How do I complete the screenings?

You access CHADIS through your Holland Pediatrics' patient portal account – [hpah.pcc.com/portal](http://hpah.pcc.com/portal). If you do not have a portal account, please contact our office.

5

## Who has access to my information?

CHADIS is fully HIPAA compliant. Only our providers and staff in the office have access to your information.

Holland Pediatric Associates, PLC

926 Washington Ave, Bldg. C Holland, MI 49423
