Detroit Metro Airport Pianist

The Ambience

A Cocktail pianist sets the mood for any room. Right from the start the magic works, especially when, A pianist studies his craft and work, as I have. Carefully selecting and rearranging each song, I've come up with a truly "knock out" sound suitable for background music.

The Sound

With a slight drum and bass track, 30 years programming experience, the sound is that of a trio. No piano, no problem. I'll use my Yamaha P-200.

About Me
