Westminster CARES Foundation & Texas Culture Change Coalition (TXCCC)

Working Together to Transform Care Across Texas

A Shared Commitment

Every person deserves dignity, choice, and a meaningful quality of life. Together, the Westminster CARES Foundation and TXCCC help make that vision a reality across Texas.

How the Partnership Works

Westminster CARES Foundation: Funding the Mission

Provides grants, education, consulting, and resources. Supports nonprofits serving seniors and individuals with disabilities. Prioritizes person-centered care and culture change initiatives. Ensures every donation is directed to high-impact organizations across Texas.

Texas Culture Change Coalition (TXCCC): Driving the Change

Provides education, training, conferences, and tools. Promotes dignity, choice, and resident-centered care. Connects professionals and organizations statewide. Helps turn ideas into real care practices.

Stronger Together

The CARES Foundation fuels the work. TXCCC helps expand and deliver it. Through grants, TXCCC can expand education, reach more communities, and accelerate adoption of person-centered care.

Setting the Record Straight

The CARES Foundation is a separate nonprofit with independent governance. Funds are distributed to carefully vetted nonprofits across Texas. Donations are not used for Westminster operations.

Your Impact Matters

When you give to the Westminster CARES Foundation, you help drive change across Texas—not just one organization.
